Math at their Pace
Many teachers don't know how to design child-directed math activities and often wind up relying on teacher-directed activities that emphasize memorization. This course, based on many resources, including the book *Math at their Pace* by Gary Nelson, provides pre-designed, child-centered activities that engage and young children to learn math at their own level.

Instructor: Andrea Unck
Dates: Tuesday April 27 & Thursday April 29, 2010
Time: 6:30-9:00 pm
