It’s A Pay-in-Advance Deal . . .

The Student Tuition Easy Payment Plan (STEPP) makes college more affordable because it allows you to fit tuition and fee payments into your budget.

For example, you have signed up for a full load of classes for Fall Quarter. You can make your tuition and fee payments to the college in three separate installments instead of writing out one check for the entire amount.

Any alterations of the plan (withdrawal, late payment, etc.) will result in a $15.00 fee.

What’s The Catch?

There is no catch. The plan is available to any student taking ten or more credits per quarter.

You pay three installments per academic quarter. Then you can budget your tuition and fee payments the same as your rent, car, and insurance payments.
Advance Payment Plan
Full Time Quarterly Advance Payment Plan
Payments are due the 1st of each month PRIOR to beginning of quarter
