Comments from Tim Toon * WWCC Volleyball Coach

This was an incredible collegiate match. We played great in the first 2 games and dominated most phases of the game. I was pleased with the execution of our game plan and our ability to “finish” on the ball. We were able to string quality contacts together and score points in bunches. In game 3 & 4, we made too many mistakes and allowed Spokane to get back in the match. Game 5 was awesome. We were not going to leave the gym without the win. Some that were struggling put their games together and we were able to run away with the win.

With this win, we position ourselves to take a shot at Columbia Basin on October 12th. They lead the East and are #1 in the NWAACC. That will be a fun match in the Dome.

The weekend Crossover will not have a lot of pressure attached to it. A lot of players will see court time and we’ll be able to relax a little bit.
