Additional comments from Tim Toon * WWCC Volleyball Coach

“Road wins are nice, even if they are a little ugly. We are struggling to find the right combination of players on the court at any one time. Everyone saw action tonight and some players are starting to emerge as statistical leaders night after night. Big Bend put up a nice fight in the first couple of games, then we were able to break them by reducing our errors and by stringing quality plays together. It was nice to leave the gym having just completed a quality game 3.”
