Stacy Andersen	18 digs
Noelle Carstens	8 kills

### More Comments from Tim Toon \* WWCC Volleyball Coach

“Although this match was pretty ugly until game 4, we played well enough to win. In many matches this season, our team has played down to the competition. To the credit of this team, they almost always figure out a way to win. I’ll take a 33-10 record any year.

The good news is that we have played exceptionally well all year in tournament formats. Our first round match against Chemeketa will be tough. They are a

talented team that has underachieved all season. If we can get past Chemeketa, we would probably meet Green River, a team we've already beaten. We're the defending NWAACC Champs. We'll do our best to defend our honor."
