### Additional Comments from Tim Toon \* WWCC Volleyball Coach

"It has been a long time since Yakima has played well in our gym. They made a lot of mistakes for us tonight, and in stretches, we played great volleyball.

The key to success in the Eastern Region is to stay steady. Yakima has lost to us and Blue Mountain, but beaten Spokane and Treasure Valley. Quite a few teams are going to be bunched up in the middle of the standings, and we have to find a way to stay ahead of that pack. The win tonight gives us sole possession of second place and keeps us on pace to compete with Columbia Basin for the Eastern Region title."
