Additional Comments from Tim Toon * WWCC Volleyball Coach

"Treasure Valley is a tough team, especially at home. The yare big and have some nice offensive weapons. One of the best things about the trip to Ontario is that we won't have to make that rip again until next year.

Serving was a huge part of our success. We registered 14 aces with only 7 errors. That is a great ratio. Treasure Valley's offensive was severely disrupted because they had a hard time receiving serve.

The match could have easily turned sour at the conclusion of game two. We were serving for game point and a 2-0 lead in the match, but made a series of errors that gave Treasure Valley the game. I was proud of the way we took the momentum back in game 3 and stayed in control of the match the rest of the way.
