Board of Trustees Master Plan Workshop, November 30, 2016

208.676.8292 fax 509.458.3710

Dear Davina:

At the workshop, we will be seeking comment from the Board of Trustees on the 2014 Master Plan. This input will help guide us as we proceed with the 2017 Master Plan Update for the Walla Walla campus. Attached are the 11 Design Principles that led to the planning concepts found in the 2014 Master Plan.

www.alscarchitects.com

During the workshop, we will ask Board Members to confirm that each of these Design Principles are still valid or if they need modified. In addition, we would like the Board to weigh in on the following three questions:

- 1. Science and Technology Building - This proposed facility is closely connected to the programs in the existing main building. What do you feel are the important factors to be considered when locating the building?
- 2. Student Recreation Building - The students have voted to have a new student recreation center on Campus. What do you feel are the important factors to be considered when locating this building?
- 3. Student Housing – The possibility of student housing is under consideration. What do you feel are the important factors to be considered when locating student housing?

Since we have limited time with the Board at the workshop, we are requesting the Board have the opportunity to review the 2014 Master Plan, the Design Principles, and these three questions before the workshop. During the workshop, we will facilitate a discussion on each of these points and record the comments to help guide the 2017 Master Plan Update.

Please let me know if you have any questions.

Sincerely,

JJW:tmb:2016-053

DESIGN PRINCIPLES – Walla Walla Campus Master Plan

1. Embrace & Preserve Natural Landscapes

One of the unique features of the WWCC Campus is the presence of Titus Creek and its riparian landscape as well as Mill Creek. Future development should take advantage of these assets as well as maintaining views to the Blue Mountains.

2. Connect to Titus Creek

Future buildings and pathways should provide visual links to Titus Creek and its natural riparian landscape to help it become a stronger part of the campus experience and WWCC's identity.

3. Preserve Central Parking & Distribute Future Parking

The existing fan shaped parking is an iconic element of the campus. It was determined that it should remain with landscaping and safe pedestrian pathways added. Future parking lots should be dispersed in and around campus buildings and their presence obscured by landscaping.

4. Future Campus Buildings to Front Campus Drive

Campus Drive is envisioned as the spine that links the campus buildings together. Extending Campus Drive to the east will provide a better connection to the John Deere Center and the Water Center as well as making them easier to find by first time visitors. Future buildings should have entries that are visible from Campus Drive.

5. Entrepreneurial / Community Outreach Buildings Face Isaacs Avenue

With the locations of the Center for Enology & Viticulture, Auto Training Center and the Technology Skill Center, Isaacs has become the public face of the campus. Future buildings that serve programs such as hospitality and the Entrepreneurial Center and others that have a community outreach component should also face Isaacs Avenue. This will make them easy to find for potential users/customers.

6. Main Building Stays Campus Center

As the campus grows, some functions currently housed in the Main Building will need to move out. It is recommended that Administration and Student Services such as financial aid, the bookstore, cafeteria and library remain in the building. These functions can expand in the building over time as academic classrooms move out. This will help retain the building's role as the campus center.

7. "Greening" Overall Campus

The current campus does not have a consistent level of landscaping throughout. The college should seek opportunities to add landscaping along roadways, pedestrian pathways and in parking lots.

8. Sustainable Site Design

As the campus is developed and grows, sustainable site concepts should be implemented. These include, but are not limited to shading asphalt with trees, controlling light pollution, treatment of storm water run-off, utilizing native plants for landscaping and preserving open space.

9. Encourage Healthy Behavior

The WWCC Strategic Plan lists wellness as a strategy. Campus planning can affect this goal by providing safe, pleasant and convenient pedestrian pathways throughout. When done well, this will encourage walking over driving as a means to get around the campus.

10. Stay Current with Changing Technology

New opportunities to use technology for improved delivery of quality education are constantly emerging. All future campus development and growth should provide the flexibility to include these technologies as they become available.

11. Maintain Existing Campus Entry

The existing campus entry off Tausick Way was determined to be the optimum location for the formal entry to the campus. The area around the entry should be preserved for this function. It should be kept free of structures and enhanced landscaping and improved campus identity signage should be considered in the near future.

Approval of Agenda.

Mr. McQuary moved and Mrs. Fugman-Small seconded to approve the agenda for the October 19, 2016 Board of Trustees meeting as presented. *Motion carried*.

Introductions. The following new employees and those employees in new positions were introduced to the Board:

- Kaitlin Duke, Lead Preschool Teacher, Waitsburg
- Heather Markwalter, TRiO Navigator/Retention Specialist/Running Start Advisor --Clarkston Campus
- Amanda Withers, Assistant Preschool Teacher, Waitsburg

Consent Agenda. Dr. Schirman pointed out the minutes of the September 21, 2016 had indicated Dr. Schirman's name for approval; however, as Mr. Sanchez was Chair of the Board of the September 21, 2016 meeting, the final document had been corrected.

Mr. Sanchez moved and Mr. McQuary seconded the consent agenda items be approved with the correction to the signature line of the September 21, 2016 Board Meeting minutes:

1) Approval of Minutes; 2) Title IX Policy; 3) Latino Student Access, Retention, and Completion Success Resolution; 4) Budget Status Report; and 5) Personnel Report. *Motion carried*.

Women's Basketball Team Community Service Presentation. Coach Bobbi Hazeltine and members of the women's basketball team provided highlights of their community service activities, including working at the DeSales Sausage Fest, for the Christian Aid Center, for the flag display for the WWCC Veterans Day Tribute, holding Mitten Drives and Breast Cancer Fundraisers, assisting at the annual AAUW Book Sale, and providing manicures and pedicures for the residents of Brookdale Senior Living.

Oral Reports.

- Student Affairs
- 1. 2015 WWCC Annual Security Report. Mr. da Silva reviewed the federally-mandated 2015 Walla Walla Community College Annual Security Report; noting rather than including entire policies as in past years, the new format embedded a policy statement with a link to the full policy.
- 2. **Timely Warning Administrative Policy.** Mr. da Silva presented the Timely Warning Administrative Policy; noting this document is federally mandated and requires the college to send out a timely warning notification of criminal activity, as outlined by the Clery Act, to the campus community. Mr. da Silva reported Dr. Brandes had approved and signed this administrative policy on September 30, 2016.
- 3. **Associated Student Body Activity Report.** Angela Wakefield, Clarkston ASB President presented the Clarkston ASB officers: Amy Williams, Vice President of Activities; Tim Burnight, Vice President of Media and Technology; and Kayla Albee, Vice President of Business is not able to be here. Ms. Wakefield thanked Dr. Brandes for speaking at convocation and noted the barbecue held afterwards was very successful. In addition, Ms. Wakefield highlighted Clarkston ASB activities: Will be participating in the Christmas lighted parade; assisted at the

Rotary Riverfest family event; held an elections forum with the Honors Club; free movie night will be continued; will assist the Nursing Club with Trunk or Treat; will honor Veterans during the week of November 7-10; will be partnering with clubs to prepare Thanksgiving baskets for needy students. Ms. Wakefield also provided the Walla Walla ASB report, including: Very successful Warrior Expo held September 22; first outdoor move night with over 200 in attendance; first Trivia Night that filled the Student Activity Center; sponsored a Disability Awareness event at the October 7 volleyball match; voter registration drive; will be meeting with student leaders from Whitman College and Walla Walla University; will be holding a Bingo night, Free Bowling, and a Trunk or Treat on Halloween.

• Enrollment. Dr. Velluzzi highlighted the Interim Fall Quarter 2016 Enrollment information, noting the enrollment numbers were in comparison to the close of the previous Fall Quarter, not date-to-date: State funded enrollment was at 2,645. 3 FTE, down 255 FTE, or 8.8%; Contract enrollment was at 1,140 FTE, down 102 FTE, or just over 8%; Self-support enrollment was 26.5 FTE, down 7 FTE, or 20 1/2%; Running Start was up 20% at 163.4 FTE; and AEP was down 17.3 FTE, at 80.2 FTE. Dr. Velluzzi also reviewed the Fall Quarter enrollments from 2006-07 to current and Census Day enrollments compared to final Fall Quarter enrollments from 2011 to current.

President's Report.

- **Process for Trustees to Review Tenure Documents.** In response to the Board's request to have more time to review faculty tenure files, Dr. Brandes reported a secure site would be developed to house all tenure materials and the Trustees would be assigned access codes. Training would be provided at a future meeting and then as materials are up-dated, the Trustees would be notified.
- Facility Master Plan. Dr. Brandes reported on the meeting he, Davina Fogg, and Shane Loper had with representatives of ALSC Architects to review the initial proposal by ALSC for an update to the WWCC Facility Master Plan. The proposed cost was greater than anticipated; therefore, it was agreed to remove the Clarkston Campus from the first Facility Master Plan and create a separate Clarkston Campus Facility Master Plan the following year. Dr. Brandes also noted the Walla Walla plan would start with input from the Board of Trustees and then include community engagement sessions with both the internal and external College community.
- **Title IX Training.** Dr. Brandes reported over 750 College employees had completed the Title IX Policy required training.

• **Facility Usage.** Dr. Brandes reported on changes to the use of College facilities, i.e., while existing commitments to external groups contracted to use the College facilities for events would be honored, there would be a freeze on any new contracts. Dr. Brandes explained the need to control access to the campus from a safety and security aspect as well as to ensure classroom usage is for instruction vs. other activities, that any external activities are in line with state ethics laws, and to remove the Foundation office from the facility usage business so staff can focus on Foundation functions.

Board Reports/Remarks. Mr. Sanchez reported on the recent Audit Entrance Conference and indicated no findings were anticipated.

There was discussion on the new Campus Safety and Security position; Dr. Brandes reported the Selection Committee would be scheduling their first meetings and the position would be posted in the near future.

New and Unscheduled Business

• WWCC Board of Trustees 2017 Board Meeting Schedule – First Reading. Dr. Brandes presented the proposed WWCC Board of Trustees 2017 Board Meeting Schedule for first reading; noting the business portion of the meetings would begin at 1:00 p.m. and for those months with a study session scheduled, the study sessions would begin at 11:00 a.m. The schedule is to be placed on the consent agenda for the November Board meeting.

Recess to Executive Session to Discuss Faculty Negotiations. The Board recessed to Executive Session at 2:15 p.m. to discuss faculty negotiations with an anticipated return time of 2:40 p.m. The Board returned to open session at 2:40 p.m. and Dr. Schirman reported no action had been taken during Executive Session.

MOU Between WWCC and AHE.

Mr. Sanchez moved and Mr. Burt seconded to approve the MOU between the Board of Trustees of Community College District No. 20 and the Walla Walla Community College Association for Higher Education, as presented and as made a part of these minutes. *Motion carried*.

New and Unscheduled Business. None.

Public Comment. None.	
Adjournment. The meeting adjourned at 2:45 p.m.

Memorandum of Understanding Between The Board of Trustees of Community College District No. 20 And The Walla Walla Community College Association for Higher Education

Faculty Salary Improvement

Whereas the Legislature has enacted legislation that allows Walla Walla Community College (WWCC) the opportunity to improve faculty salaries, and

Whereas the funds are identified as a 1.8 percent Cost of Living Adjustment (COLA) and Turnover Savings, and

Whereas the parties previously earmarked 0.8 percent to defray the cost of enacting 2015-2016 salary improvements, and

Whereas the parties previously agreed to reopen negotiations in 2016-17 (subject to legislative authorization) solely for the purpose of applying Turnover Savings and the remaining 1 percent of the COLA, and

Whereas the parties previously agreed that no Local Funds would be on the table for negotiations during 2016-17, and

Whereas there is a need for minor edits to some articles of the contract to clarify the parties intentions, and

Whereas the parties have engaged in negotiations in accordance with Article 38.5,

Therefore, the Association of Higher Education and the Board of Trustees hereby enter into this memorandum of understanding for the 2016-2017 academic year (effective 7/1/2016):

- Two (2) additional steps will be added to the full-time faculty salary schedule (Steps 14D and 15A); and,
- One (1) Seniority increment will be awarded to each full-time faculty employed as such during the 2015-16 academic year; and
- An across the board 0.688 percent COLA will be added to each step of the full-time faculty salary schedule; and
- Professional Improvement Units (PIU's) earned this year will not be funded, however they remain "earned" and may be funded at a future date (subject to future negotiations); and,
- A 1.0 percent COLA will be applied to the Part-time, Moonlight/Overload faculty salary schedule in Modes 1, 2, 3, 4, and 5.

Memorandum of Understanding October 19, 2016 Page 2 of 4

WALLA WALLA COMMUNITY COLLEGE

MEMORANDUM

DATE: November 22, 2016

TO: Board of Trustees

FROM: Sherry Hartford, Vice President of Human Resources

SUBJECT: Human Resources Update

Washington's New Minimum Wage Law

The passage of Initiative Measure 1433 will increase the state-wide minimum wage to \$11.00/hr effective January 1, 2017 with yearly increases to \$13.50 by January 1, 2020. Additionally, beginning January 1, 2108 all Washington employers will be required to provide every employee mandated paid sick and safe leave.

Benefits Update

In October, Administrative Exempt employees voted to keep their 1% VEBA (HRA) salary reduction in place for 2017.

November is open enrollment month during which time employees are able to change health insurance plans. A copy of the 2017 employee contribution rate sheet is attached for your review.

The Public Employees Benefits Board changed to MetLife as the state's life insurance provider beginning January 1, 2017. Employee Basic Life Insurance will increase from \$25,000 to \$35,000 at no cost to the employee. During November, employees have a one-time opportunity to increase their Optional Life insurance up to the new guaranteed issue amount of \$500,000. All employees are required to update their beneficiaries.

Mona Himmelberger, Assistant Director of Finance and Payroll

Current Recruitments

- 1) HVAC Instructor, Coyote Ridge Corrections Center
- 2) English Faculty, Tenure Track, Arts & Sciences
- 3) Purchasing Manager, Business Services
- 4) Director of Safety and Security
- 5) Travel Accountant, Business Services

2017 Employee Monthly Premiums

Listed below are the Public Employees Benefits Board (PEBB) Program medical plans offered for 2017. To the right of each plan are the monthly premiums for an individual employee, employee and spouse,* employee with child(ren), and full family.

These premiums apply to employees in state agencies, higher-education institutions, and community and technical colleges. School-district employees and employees who work for a city, county, port, water district, hospital, etc., need to contact their personnel, payroll, or benefits office for their monthly premiums.

Note: These premiums do not include the monthly premium surcharges, if applicable to your account (see below). There are no employee premiums for dental, basic life, and basic long-term disability insurance benefits.

Monthly Premium Surcharges

You will pay the following surcharges in addition to your medical premium if they apply to you.

- A monthly \$25-per-account surcharge will apply if the subscriber or any family member (age 13 and older) enrolled in PEBB medical uses tobacco products.
- A monthly \$50 surcharge will apply if a subscriber enrolls a spouse or state-registered domestic partner in PEBB medical, and the spouse or state-registered domestic partner elected not to enroll in employer-based group medical that is comparable to Uniform Medical Plan (UMP) Classic.

For more guidance on whether these surcharges apply to you, see the 2017 Premium Surcharge Help Sheet at www.hca.wa.gov/public-employee-benefits.

RE: Interim Fall Quarter 2016 Enrollment Report

Attached is the Interim Enrollment Report for Fall Quarter, 2016. The attached report presents enrollment by funding source: state funded, contract enrollment, and self-support. Enrollment is accounted for by FTE and unduplicated headcount. Running Start and Alternative Education Program enrollment is accounted for as well.

- State funded enrollment is currently 2,692.9 FTEs, down -7.1% or -207.4 FTEs from the close of Fall Quarter 2015. Unduplicated headcount is currently 3,783, down -182 or -4.6% from last fall.
- Contract enrollment is reporting 1,273.6 FTEs, up 32.6 FTEs, which is essentially flat from the *close* of last Fall Quarter. Corrections is reporting 1,207.85 FTEs, which is up 25 FTEs or 2.1% from last year.
- Self-support enrollment is currently reporting 29.2 FTEs, down -4.2 FTEs or -12.5% from the *close* of Fall Quarter 2015.
- Running start is reporting 161.9 FTEs, up 25.7 or 18.9% from the *close* of last Fall
 Quarter. AEP is reporting 80.1 FTEs, down -17.4 FTEs or -17.8% from the *close* of last Fall
 Quarter.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Walla Walla Community College July 1, 2014 through June 30, 2015

Board of Trustees Walla Walla Community College Walla Walla, Washington

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the business-type activities and the aggregate discretely presented component units of the Walla Walla Community College, Walla Walla County, Washington, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the College's basic financial statements, and have issued our report thereon dated November 8, 2016. As discussed in Note 16 to the financial statements, during the year ended June 30, 2015, the College implemented Governmental Accounting Standards Board Statement No. 68, Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27.

Our report includes a reference to other auditors who audited the financial statements of the Walla Walla Community College Foundation, as described in our report on the College's financial statements. This report includes our consideration of the results of the other auditor's testing of internal control over financial reporting and compliance and other matters that are reported on separately by those other auditors. However, this report, insofar as it relates to the results of the other auditors, is based solely on the reports of the other auditors.

The financial statements of the Walla Walla Community College, an agency of the state of Washington, are intended to present the financial position, and the changes in financial position, and where applicable, cash flows of only the respective portion of the activities of the state of Washington that is attributable to the transactions of the College and its aggregate discretely presented component units. They do not purport to, and do not, present fairly the financial position of the state of Washington as of June 30, 2015, the changes in its financial position, or where applicable, its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit of the financial statements, we considered the College's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we do not express an opinion on the effectiveness of the College's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the College's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether the College's financial statements are free from material misstatement, we performed tests of the College's compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

PURPOSE OF THIS REPORT

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control or on compliance. This report is an integral part of an audit

performed in accordance with *Government Auditing Standards* in considering the College's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, this report is a matter of public record and its distribution is not limited. It also serves to disseminate information to the public as a reporting tool to help citizens assess government operations.

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS

Walla Walla Community College July 1, 2014 through June 30, 2015

Board of Trustees Walla Walla Community College Walla Walla, Washington

REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of the business-type activities and the aggregate discretely presented component units of the Walla Walla Community College, Walla Walla County, Washington, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the College's basic financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Walla Walla Community College Foundation, which represents 100 percent of the assets, net position, and revenues of the aggregate discretely presented component units. Those statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it related to the amount included for the Walla Walla Community College Foundation, is based solely on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the College's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the aggregate discretely presented component units of the Walla Walla Community College, as of June 30, 2015, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Matters of Emphasis

As discussed in Note 16 to the financial statements, in 2015, the College adopted new accounting guidance, Governmental Accounting Standards Board Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27*. Our opinion is not modified with respect to this matter.

As discussed in Note 1, the financial statements of the Walla Walla Community College, an agency of the state of Washington, are intended to present the financial position, and the changes in financial position, and where applicable, cash flows of only the respective portion of the activities of the state of Washington that is attributable to the transactions of the College and its aggregate discretely presented component units. They do not purport to, and do not, present fairly the financial position of the state of Washington as of June 30, 2015, the changes in its financial position, or where applicable, its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARDS

In accordance with *Government Auditing Standards*, we have also issued our report dated November 8, 2016 on our consideration of the College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control over financial reporting and compliance.

ABOUT THE STATE AUDITOR'S OFFICE

The State Auditor's Office is established in the state's Constitution and is part of the executive branch of state government. The State Auditor is elected by the citizens of Washington and serves four-year terms.

We work with our audit clients and citizens to achieve our vision of government that works for citizens, by helping governments work better, cost less, deliver higher value, and earn greater public trust.

In fulfilling our mission to hold state and local governments accountable for the use of public resources, we also hold ourselves accountable by continually improving our audit quality and operational efficiency and developing highly engaged and committed employees.

As an elected agency, the State Auditor's Office has the independence necessary to objectively perform audits and investigations. Our audits are designed to comply with professional standards as well as to satisfy the requirements of federal, state, and local laws.

Our audits look at financial information and compliance with state, federal and local laws on the part of all local governments, including schools, and all state agencies, including institutions of higher education. In addition, we conduct performance audits of state agencies and local governments as well as <u>fraud</u>, state <u>whistleblower</u> and <u>citizen hotline</u> investigations.

The results of our work are widely distributed through a variety of reports, which are available on our <u>website</u> and through our free, electronic <u>subscription</u> service.

We take our role as partners in accountability seriously, and provide training and technical assistance to governments, and have an extensive quality assurance program.
