Leadership Certificate Program

- Are you a leader of an organization, work team, business or agency?
- Would you like to upgrade your skills so that you can assume a leadership position?
- Would you like to improve your skills in one or more areas of leadership and earn college credit?
- Then, this series is for you!

The Certificate Program is designed to upgrade your leadership skills and fit into your schedule. Delivered at the rate of three classes per quarter, this nine-session certificate series addresses the major areas of concern in today's workplace and business establishments.

Conflict Resolution
2493/BA 099G
Whenever people work together, conflicts arise. They may be simple misunderstandings that your managers and team leaders can clear up. Or they may reveal subtle, but pervasive, morale problems that threaten to tear the delicate fabric of your organization. This class shows managers and team leaders how to explore a conflict and get to the heart of the problem to correct it before it's too late.

- Accept conflict as an inevitable part of all work situations and deal with it in order to maintain individual and team focus and productivity.
- Recognize the positive and negative impacts of conflicts and leverage conflict to everyone’s advantage.
- Distinguish between the two major sources of conflict so that they can be resolved fairly and effectively.
- Establish a cooperative atmosphere to resolve conflicts when they arise.

Th, May 3 5:30-8:30 pm
Board Room Detweiler $95 (dinner & workbook) .3 cr

Effective Delegation
2494/BA 099H
This class gives valuable insights into and practice of the “Three W’s” of effective delegation: When should team leaders delegate? Whom should they delegate to? And what explanation should they give to team members? You will also learn how to use delegation as a motivational tool and improve team members’ skills. Understand the role of delegation in time management, resource utilization, job satisfaction and overall team productivity.

- Use a delegation process that ensures team member participation, involvement, and success so that what needs to be done gets done – properly and on time.
- Establish a team member’s responsibility and authority for a delegated task—creating a framework for accountability and personal growth.

Th, May 10 5:30-8:30 pm
Board Room Detweiler $95 (dinner & workbook) .3 cr

Motivate, Manage, And Lead A Team
2495/BA 099I
In this course you will learn how to strengthen your leadership skills and build a results-driven team!

- Discover leadership strategies that will radically improve your effectiveness as a leader.
- Teach your team how to start solving problems and stop dumping them on your doorstep.
- Establish team goals and create a shared vision in a team of people who share little else in common.
- Learn how to make work more stimulating and exciting for your team—even if their jobs require endless detail and repetition.

Th, May 17 5:30-8:30 pm
Board Room Detweiler $95 (dinner & workbook) .3 cr

Take all 3 classes for only $245, registration code 2489!

Online Classes for Educators

Courses for Teaching Professionals
Visit www.ed2go.com/wallawalla

BEGINNING DATES:
March 21
April 18
May 16
June 20

Teaching Science: Grades 4-6
4008/ED 299 $89.00
Want to increase your effectiveness as a science teacher for the middle grades? Join us and learn about the nature and history of science as well as how to help students in this age group grasp the scientific method. By the end of the course, you’ll have gained knowledge about both science and teaching methods. Your confidence will soar and you’ll have many new skills that will benefit both you and the children you teach. You’ll also learn about some of the best Web sites available to science teachers—they’ll be great resources for you! And we’ll all benefit from the Discussion Area where you can share your experiences and profit from the experiences of your fellow teachers.

Differentiated Instruction in the Classroom
4062/ED 299 $89.00
Differentiated instruction (DI) is becoming a mainstay in classrooms across the country as educators are starting to see the ways that the traditional classroom setting limits their ability to reach diverse learners. Join us on this journey through 10 practical DI integration strategies! Count on at least three sample integration lessons on each strategy, and just think of all the ways that you can apply them to improve learning outcomes for your students.

This course is a must for today’s teachers who often have to differentiate quickly, and with a minimum of resources. DI is an excellent launch pad for ramping up your creative classroom, and with the tips in these lessons; you’ll be reaching your diverse learners in no time flat.

Integrating Technology in the K-5 Classroom
4063/ED 299 $89.00
Join us for an exciting and fun-filled tour of the technology-friendly classroom. Educational technology is advancing at an astounding rate, offering today’s busy teacher quick and easy solutions for more interactive lesson plans, exciting WebQuests, and challenging assignments.

In this course, you’ll learn how to design your presentation station, identify kid-friendly Internet search tools, teach keyboarding, and develop integrated lesson plans in reading, writing, science, math, social studies, as well as music and art.

If you find yourself being forced to produce more and more in less and less time, this course is an absolute must! This course will help you reinvigorate and streamline your lesson plans with the latest techniques and newest technologies.

Solving Classroom Discipline Problems
4071/ED 299 $89.00
Why do some teachers enjoy peaceful, orderly classrooms while others face daily discipline battles? The answer is that some teachers know the secrets to solving discipline problems. This course reveals those secrets and presents a step-by-step approach to effective, positive classroom discipline.
The Classroom Computer
4072/ED 299 $89.00
If you’re a teacher, this course will show you how to create an exciting and enriching experience for your students. You’ll learn a wide variety of simple, field-tested, and easy to apply techniques that will make the most of the computer in your classroom.

In this course, your instructor will work with you to assess your knowledge of computer use and to help you set goals for yourself so that you achieve the highest level of personal benefit from this course.

PowerPoint in the Classroom
4074/ED 299 $89.00
Need help motivating students and boosting interest in your lessons? This course will help you create captivating and attention-grabbing classroom presentations using Microsoft PowerPoint. You’ll learn basic PowerPoint skills such as creating slides, using templates, inserting text, changing background colors, creating WordArt titles, and adding slide transitions. You’ll also develop advanced skills such as inserting graphics, sound, video, custom animations, timed transitions, and hyperlinks.

Using PowerPoint in the classroom addresses different learning styles, heightens student interest, and engages learners. PowerPoint is a fun and motivational tool for teachers as well as students. This class will give you the knowledge you need to add appeal to any classroom subject!

Big Ideas in Little Books
4076/ED 299 $89.00
Do you have an idea for an instructional aid? The instructor—a former K-12 teacher who is also the author and developer of over 50 products for the educational market, will help you develop instructional aids that align with standards important to your district.

This exciting program will show you how to create and self-publish work books, lab manuals, booklets, activity kits, visual aids, manipulatives, and other powerful instructional aids. You’ll also learn how to profit from your ideas by offering the products you develop for sale through catalogs, stores, and trade shows.

Simple classroom management ideas will help you maximize your classroom time for learning. You’ll also discover powerful ideas and interesting web sites that you can immediately use to enhance your language arts, math, science, and social studies curriculum. You will discover pointers on using email and the Internet effectively to increase your students’ understanding and learning in all content areas.

Using the Internet in the Classroom
4073/ED 299 $89.00
Harness the power of the Internet to make your textbooks and lessons come alive! Teach your students how to locate and evaluate Internet resources. Improve the caliber and amount of discussion through the use of e-mail and discussion boards. Learn how to safeguard your students and their personal information while they are using the Internet. The Internet can make teaching easier—this course will show you how.
Enhancing Language Development in Childhood
4082/ED 299  $89.00
Follow your child’s lead and have fun while enhancing language development!
In this fun and user-friendly course for parents, teachers, and caregivers, you will discover how children learn to process language and how they become proficient speakers and thinkers. This course will help you enrich your child’s life by stimulating his or her continued speech, brain, and language development in an enjoyable, age-appropriate, and natural way.

How to Register
Register by calling (509) 527-4443, if you have a VISA or MasterCard or come in and register in person at the Office of Admissions & Records. If you would like to register by mail, a mail in registration form is located at the end of the schedule for your use. Once you register and pay tuition, you can attend the online orientation for each course by visiting the website at www.ed2go.com/wallawalla.

SPECIAL INTEREST SEMINARS

Real Estate Fundamentals 3899/BA 075
This online course offering is an in-depth study of the main areas of concern in the real estate industry, including the real estate career, real property ownership, contract law, agency law, listing, selling valuation, finance, escrow, state license law, Fair Housing, and real estate math. You will be ready to take the state license exam after completion of the 60-hours of pre-license training. Books are available in the WWCC Bookstore. After registering for the class, come by office #56 at WWCC for set-up information. For more information, call 527-4561.
Open entry; six months allowed for completion. $299.

Washington Real Estate Law Online 3897/BA 077
This course offers an overview of the legal aspects of real estate and discusses the laws governing the ownership and sale of real estate in Washington. It examines common problems in real estate transactions and provides examples from actual court cases. Topics covered include: the distinction between real and personal property; methods of land description, easements, liens and other interests in real estate; forms of co-ownership; contracts; deeds and titles; zoning; taxation; fair housing; landlord/tenant law.
Open entry; $175

Equine Acupressure Clinic 3299/CS 028
In horses, as in humans, the meridian system is made up of 12 bilateral major meridians with each of them relating to a specific organ system. Through lecture and hands-on experience you will learn to locate specific meridians, association points and source points on the horse. You will also learn how to participate actively in the horse’s well-being by performing an acupressure treatment. Wear shoes that are appropriate for being around horses. Clinic will be at Animal Clinic of Walla Walla, 2089 Taumarson Rd. The book Equine Acupressure, a Working Manual, is included with your registration.
Sa, May 12 9 am-3 pm
Animal Clinic of WW Mikki Kison $99

Washington Real Estate Practices Online 3898/BA 076
This is a practical course for new agents. It offers guidelines in areas such as listing agreements and purchase and sale agreements, pricing property, qualifying the purchase, agency relationships, financing, and other information pertinent to the new salesperson. All new salespersons are required by the State to take this course before your first renewal. It also satisfies the 30-hour elective requirement for broker’s license applicants.
Open entry; $175
Financial Strategies for Successful Retirement
3203/CS 020
Is retirement still decades away for you, or are you starting to realize that the time is coming and you are not as prepared as you should be to live comfortably ever after? Whether you are 30 years old or a front line baby boomer, this high value pre-retirement class will furnish you with a concrete goal of building enough wealth to retire. You will learn about stocks, bonds, and mutual funds as well as estate planning and protection. Class fee includes a book.
Th, April 5-May 3 7-9 pm
WWCC Room 108 Chris Avey
$39

Sensory Perception of Wine
3015/CS 041
The spring barrel tasting is coming up and you can be ready for it this year! Learn how to heighten your senses and how to taste and appreciate fine wine. Your palate and your sensitivities will be trained to recognize, identify and enjoy the viticulture gifts of the valley.
TTh, April 17 & 19 1:30-3:30 pm
Enology & Viticulture Room 1608 Michael Moyer
$55

American Sign Language II & III
3301/CS 009B and 3302/CS 009C
This session of American Sign Language is a continuation of the winter quarter study. Continue to work on vocabulary, grammar, facial expressions, and the tone of voice you create through specific motions and continued understanding of Deaf Culture.
W, March 28-May 30 6-8 pm
Tech Center 1107 Diana Clark
$99

Spanish Special Topics
2511/SPAN 298
If you want to keep going with your study of Spanish but are not quite ready for a higher level, then take this review class that is an intermediate step between the 100 and 200 Spanish series. You will expand your knowledge of Spanish through a wide variety of topics. The book Dos Mundos will be used and is available in the WWCC Bookstore.
Prerequisite: A year of Spanish study or the instructor’s permission.
T, March 27-June 5 4:30-7:30 pm
WWCC Room 105 Carol Franklin
$246.90 (three credits)

Basic Spanish III
2515/SPAN 49
Continue your Spanish language acquisition with the objective being speaking and understanding simple conversation and learning to read and write in Spanish. This is the third class of a three quarter study progression.
W, March 28-June 6 5:30-8:30 pm
Tech Center 1107A Courtney VanSlyke
$246.90 (Three credits)

PHOTOGRAPHY & TECHNOLOGY
Intermediate Photography
2501/PHT 025
The composition of photos, lighting, and images will be the focus of this intermediate class. Outdoor work will be emphasized and the pictures that you take each week will be critiqued.
Th, March 29-June 7 6:30-9:30 pm
Tech Center 1107 Charly Bloomquist
$246.90 (Three credits)

Register with a Visa or MasterCard 509.527.4443, 8:30 a.m.-4:30 p.m.
Digital Imaging with Photoshop II
3192/CS 007 A
This is a continuation class based on information you gathered in the beginning session. It is designed for you if you are comfortable with the basics of Digital Imaging and want to stretch your creative wings to use the power of Photoshop to filter, alter and combine photos to match your vision.
W, April 11-May 16
7-9 pm
WWCC Room 1204A
Larry Goodhew
$65

Outdoor Gourmet with a Dutch Oven
3405/CS 008
Be ready for a hands-on cooking experience with gourmet dishes you can make later for your family and friends in the back yard or for a treat when you’re on a camping trip. A variety of dishes from main courses to desserts will be cooked up.
Th, April 26
6-9 pm
WWCC Room 242
Melissa Warner
$53

Landscaping for Curb Appeal
3160/CS 019
It may not take much to transform your home’s ordinary landscape into one with curb appeal that looks as if it were done by a skilled professional. Knowing and using some of the concepts of balance, texture, size, composition and appropriate plants and other materials can give your home’s landscaping a look that looks good each season for years to come.

6:30-9:30 pm
Auto Tech 1408
Jim Haun
$89
EXPRESSIVE ARTS & CRAFTS

Relief Wood Carving
3100/CS 016
This quarter you will be carving wildlife as you continue with your practice of relief carving techniques. The wood is furnished, but you will need to bring your own filet glove and carving tools to class. Class is for experienced carvers.
Th, Apr. 5-May 24 1:30-4:30 pm

Jewelry Fabrication I
3130/CS 013
Making silver pendants with matching earrings and a ring are the goals as you learn metal working techniques used in fabricating jewelry. Close-up demos will teach you how to lay out, drill, pierce, file, form, solder, and polish silver using hand tools such as torches, flex shafts, polishers, and rolling mills. You will need a tool package (approx. $85) you can purchase after the first class. The instructor has over 30 years experience in diamond cutting and jewelry design and manufacturing.
M, April 2-May 7 7-9:30 pm
Tech Center 1108 Ron Kreml $79

Jewelry Fabrication II
3131/CS 013A
Continue your work with design and fabrication of silver jewelry after having taken the beginning jewelry fabrication class.
Th, April 5-May 10 7-9:30 pm
Tech Center 1108 Ron Kreml $79

Picture Matting
3109/CS 014
The color concepts in choosing the right mat, how to measure the artwork, how to cut it, and other basics of matting will be taught. Learn how easy it is to do a professional looking job with the right mat cutter. No supplies necessary the first night. The cost of this class will be recovered the first time you cut and mat your first art piece.
M, April 2-9 7-9 pm
WWCC Back Dining Room Roy Anderson $35

Watercolor Portraits
3101/CS 017
Create the “perfect” face on watercolor paper using a grid, ratios and carbon paper, then turn your drawing into a watercolor painting. This is a fail-safe technique you can use to do drawings and watercolor portraits of your family later. All supplies are furnished.
M, April 16-May 7 7-9 pm
WWCC Back Dining Room Roy Anderson $59

Beginning Watercolors
3104/CS 005
Delve into the world of watercolor painting and learn how to use color and washes and work on achieving distance in landscapes. A supply list will be given to you the first night of class.
W, April 11-May 16 7-9 pm
Tech Center 1108 Joyce Anderson $59

Intermediate Watercolors
3105/CS 005A
Don’t stop now that you have the enthusiasm and supplies for watercolors. Expect to study color, composition principles, and the basic elements of art from this accomplished watercolor instructor.
T, April 10-May 29 7-10 pm
Tech Center 1108 Joyce Anderson $79

Register with a Visa or MasterCard 509.527.4443, 8:30 a.m.-4:30 p.m.
RECREATION

Fly-Fishing & Casting
3171/CS 010
The unique solitude and simple pleasure of fly fishing may be discovered as a result of taking this introductory class on the art and skill of fly fishing. The equipment to use, casting, entomology, and the fly skeleton will be taught. You'll also get tips on reading of the water and safety issues. Bring a fly rod for casting practice. A $25 supply fee is included in the cost.

$29.50

**Quest**

**Quest** is a membership driven institute, for active learners 50+ years of age, that encourages learning, socializing, and active participation. It is one of over 260 college-sponsored institutes for learning in retirement in the U.S. and Canada that is affiliated with the Elderhostel Institute Network.

**Membership**
Join Quest by the quarter for $25 (item #3003). With your membership you can take Quest classes, attend the social events, attend WWCC plays for free, and enjoy free admittance to the Walla Walla Symphony and The Little Theater on a limited basis.

**Quest Social**
The spring quarter Social is **Wednesday, March 28, from 3-5 p.m. in the WWCC Back Dining Room.** Come and get acquainted with other Quest members and the instructors, enjoy hors d’oeuvres and beverages, and sign up for the classes that entice you the most. Mike Denny will show video highlights and talk about the Columbia Complex fire he witnessed last summer. The Social is free to Quest first timers; for repeat non-members the cost is $10 (item# 3000), applicable to your quarterly membership.

**Scholarships**
3001/QUEST 005
Limited scholarships for the quarterly Quest membership are available. Call Nancy Kress at 527-4561 to inquire.

**90+ Quest Membership**
3004/QUEST 004
If you are 90+ years of age, you qualify for free Quest membership. Congratulations and enjoy the lifelong learning you’ll find here.

**CATS: Theater Tour to Spokane**
3081/3080 QUEST 042/042A
Five years after the composer Andrew Lloyd Webber reread T.S. Eliot’s *Old Possum’s Book of Practical Cats* on a plane, he began setting it to music. When the finished production opened in 1981 in London, it changed inexorably the composer’s life and the course of the contemporary musical theater. The mega-hit musical propelled him to international superstar and popularized Eliot’s humorous, nonsensical verse of *Practical Cats* to a degree no volume of poetry could. Its final performance was Sept. 10, 2000 and held the record as the world’s longest running musical until Oct. 8, 2006, when it was surpassed by *Les Miserables*. This trip includes RT bus transportation from the WWCC parking lot, lodging at the Red Lion Inn at the Park, and admission to the play.

- Th, April 26: 3081: $167 (dbl occupancy) 3080: $215 (single room) Bus will board near the flagpole in the WWCC parking lot

Register with a Visa or MasterCard 509.527.4443, 8:30 a.m.-4:30 p.m.
Digital Imaging with Photoshop
2905/QUEST 023
Enjoy exploring the world of digital cameras and digital imaging by learning to take great photographs and process them for printing. You will put pictures on the computer and manipulate them using Photoshop software. If you have a digital camera and want to bring it to class, come prepared by having read the instruction book, and bring it with you along with the cords and cables that attach the camera to the computer. Basic computer skills are essential for success in the class.
M, April 2-May 7 2:30-4:30 pm
Tech Center 1204A
David Walk
$38.50

Creatures of the Night
2610/QUEST 022
Walk on the wild side for a few nights as you seek creatures such as owls, spade foot toads and other amphibians, and mammals that wake up and roam rural areas under the cover of darkness. Your field guide knows just where to go to help you find critters you don’t normally see. The first class is in the classroom at WWCC; a WWCC van will take you out into the field for the other four sessions.
M, April 2-30 7-9 pm
WWCC Room 103
Mike Denny
$38.50

Asian Cooking
2520/QUEST 045
Thailand, China, Japan, and India are the featured culinary regions this quarter and you’ll help create a variety of recipes representative from each of these countries. Curries, soups, and sauces including peanut sauce, sweet and sour sauce and teriyaki will be on the menu as well as Phad Thai, sushi, pork, mangoes, and desserts. Class is limited to 12 students so sign up early.
TW, April 3-11 5:30-8 pm
Enology & Viticulture Kitchen 209
Greg Schnorr
$38.50

Five Moments in the History of Art
2111/QUEST 040
Specific times and places in the history of art will be examined: Ancient Greece and Rome, the 17th century, the Age of Goya, Manet and the early impressionists, and Picasso and cubism. Paintings and sculptures will be shown and the historical and cultural issues present in the art will be discussed.
T, April 3-May 1 2:30-4:30 pm
WWCC Room 109
John Jamison
$38.50

Socialism in South America
2630/QUEST 033
Hugo Chavez and Venezuela’s turn towards socialism may raise a red flag for some in the United States. Why is South America moving to the left, and what is the relationship between the South American economies and the USA’s capitalist economy? The economies of South American countries with specific attention to socialism will be explored along with the relationship between those economies and the USA’s capitalist system.
W, April 4-May 2 2:30-4:30 pm
WWCC Room 109
Pete Parcells
$38.50

Overview of the TV Industry
2705/QUEST 035
Take a look at the current TV season through the eyes of a former producer and consider the hot-bed issues such as objectivity in the news, the violence and sex in prime-time TV, the quality and quantity of commercials, and the rise of cable television and its lack of regulation. Get an insiders look at what become the more pervasive voice in everyday communications.
Th, April 5-May 3 1:30-3:30 pm
WWCC Room 109
John Kerwin
$38.50
Great Decisions 2007
2611/QUEST 025
Get beyond the headlines and take a look at some of the most significant and far-reaching challenges facing the world today. The Foreign Policy Association has created balanced articles on crucial foreign policy issues that will be presented on video and discussed at length. Topics for this year are: The United Nations, Iran, energy, Brazil, human rights, China and India, Turkey, and pandemics; six of the eight will be studied and discussed in class.
W, April 5-May 10 2:30-4:30 pm
WWCC Room 108 Bill Berney
$37

Sensory Perception of Wine
2720/QUEST 041
The spring barrel tasting is coming up and you can be ready for it this year! Learn how to heighten your senses and how to taste and appreciate fine wine. Your palate and your sensitivities will be trained to recognize, identify and enjoy the viticulture gifts of the valley.
TTh, April 17 & 19 1:30-3:30 pm
Enology & Viticulture Room 1608 Michael Moyer
$43.55

Word Clues: Study of Latin Roots
2629/QUEST 032
Tenable, tenacious, tenant, tend, tendon, tenement, tenon, tenure are words that are all related to one another etymologically and come from a Latin root, but not all “ten” roots are related. Learn to decipher the origin of words by discovering the elements of Latin language. You will investigate the Latinate origins of English words and other influences and effects of Latin on language and “English” culture.
M, May 7-June 11 2:30-4:30 pm
WWCC Room 109 Bill Krieger
$38.50

Art Welding
2930/QUEST 027
Here’s your chance to create a metal art object, such as a lawn ornament, by learning welding skills. You will gain experience using oxy-acetylene cutting and welding systems, gas metal arc welding (wire feed), and shielded metal arc welding (stick) and you can apply what you learn to a project of your choice. Equipment and tools needed are covered the first class. Tools can either be purchased (about $50-$150) or rented from the school.
W, May 9-June 8 3-5 pm
Welding Lab 343 Mike Haggard
$64.60 (includes $26.10 lab fee)

Great Jazz Performances in Film
2708/QUEST 034
Well known jazz artists will be featured performing in films as they portray artists of different musical eras. Swing, blues, Dixieland and modern jazz will be highlighted through films such as “The Man with the Golden Arm,” about Benny Goodman, “Boy, What a Girl!” and “Round Midnight,” suggested by the life of Bud Powell in Paris. Class will take place at Whitman College.
T, May 8-June 5 2:30-4:30 pm
Whitman Music Room Peter Crawford
$38.50

Debunking Urban Legends
2628/QUEST 029
Urban legends—those bits of gossip about shocking happenings or scandals about celebrities that can’t be substantiated in fact—continue to show up. Using logic, what signs and hints might cue a reasonable person to know whether an urban legend is likely true or not? Learn to apply reason and thought to information and stories you hear or read and learn why this reasoning is important.
Th, May 10-June 7 3-5 pm
WWCC Room 108 Michael Kiefel
$38.50

Register with a Visa or MasterCard 509.527.4443, 8:30 a.m.-4:30 p.m.
Writing for Children
& Young Adults
2624/QUEST 046
Harry Potter got his start as a legend when author J.K. Rowling began creating his story on a napkin in a restaurant. Who knows from whom the next big children’s book will come? You will explore some classic children’s literature, looking at everything from picture books to young adult novels, and engage in a series of free-writes to hone your individual writing skills. We’ll furnish the napkins, you furnish the ideas.
Th, May 10-June 7 2:30-4 pm
WWCC Room 102 Catherine Broyles
$38.50

Word Processing Concepts
2903/SNR 018
Increase your familiarity with MS Word including how to make columns, headers, tables, labels, envelopes and its myriad other functions. E-mail and further use of the Internet will also be covered.
MW, April 2-June 11 1:30-3:30 pm
WWCC 101 Carolyn Hansen
$126.60

Intermediate Golf
2612/QUEST 036
Bring your clubs or use the schools’ to practice on the WWCC golf links for a few sessions then go to play on a local golf course. The fundamentals of stroke and play of the game will be emphasized. This class is for students with some golf playing experience.
Th, May 10-June 7 8:30-10:30 am
WWCC 1205A Mike Rostollan
$38.50

Pilates
2553/SNR 026 and 2560/SNR 026
Pilates is a complete exercise and fitness workout that helps develop concentration, increase control and flexibility of movement and balance, and helps to strengthen the cardio-respiratory system. Mats are recommended and are available in the WWCC Bookstore.

A - (1) Washington residents (for residency questions, see college catalog); (2) nonresidents who are taking classes toward H.S. completion; or (3) residents under age 19 taking classes toward high school completion, with permission only. (4) non US citizens without visa if the Washington Higher Education Residency, Affidavit/Delaration/Certification (HB1079) is met.

**Note:** Effective July 1, 2003, individuals who are not permanent residents or U.S. citizens MAY qualify for resident tuition if they have or will have graduated from a Washington State high school, or while living in Washington, have received the equivalent of a high school diploma. A three year residency requirement must be fulfilled. Additional criteria are required. Please contact the Walla Walla Campus Office of Admission and Records, 509-527-4283; toll free 1-877-992-9922.

B - U.S. citizens classified as OR or ID residents.

C - U.S. citizens, NOT classified as residents of WA, ID or OR.

D - International students, or non-U.S. residents.

E - Washington residents enrolled in high school completion classes (19 years or older).

F - Family/Parent Education classes only.

**Facility Use Fee:** $4.00 per credit (minimum $8.00, maximum $40.00) included in above schedule.

**Technology Fee:** $3.00 per credit (minimum $6.00, maximum $30.00) included in above schedule.

**Matriculation Fee:** $1.00 per credit (minimum $2.00, maximum $20.00).

Professional-Technical students registered exclusively in required professional-technical courses for their degree will be charged $20.00 per credit in excess of 18; other students registered for more than 18 credits, see schedule above for 19+ credits.

Additional Reduced tuition rates available for eligible Washington domiciled veterans or National Guard members, children & spouses of totally disabled or POWs/MIA’s or deceased eligible veterans or National Guard. See Office of Admissions and Records for qualifications.

**ABE, GED, ESL students pay a $25.00 charge per quarter at the time of registration.**

### Other Required Costs

- $26.10 lab fee is charged per quarter for science, professional-technical, computer and other selected classes
- Books: estimated cost—$296 per quarter
- Fitness fee: $6.50 charged quarterly for specific fitness classes (see course description footnote)
- Other fees may be charged for specific courses
- Registration fee: $34.35-to be paid after quarterly registration/tuition due date

### Other Information

- Call toll free 1-877-992-9922 if you have additional questions.

#### Senior Citizens:

- Classes developed specifically for senior citizens, including QUEST — $27.50 per credit (plus $1/credit Facility Use fee & $1/credit Matriculation fee), plus any appropriate lab fees for specific classes.
- On a space-available, not-for-credit basis, Washington State seniors (age 60 and above) may also enroll in classes for $2.50 per class, limited to two classes per quarter (does not include special fee classes).
- Seniors cannot register for these classes until after the first class meeting.
Distance Learning
(WASHINGTON ONLINE, WWCC ONLINE, TELECOURSE)

In a Distance Learning (DL) course the instructor and student participate in the course at a time and place separate from one another. Depending on the course, these courses are largely self-study with varying amounts of interaction with an instructor. DL courses require self-discipline and must be completed within the quarter. Where applicable, DL courses are subject to the same assessment and prerequisites of all WWCC courses.

FOR MORE INFORMATION ON DISTANCE LEARNING, VISIT http://www.wwcc.edu or call 509-527-4331

There Are Four Types of DL Courses:
• ONLINE
• TELECOURSE
• HYBRID
• WAOL / WASHINGTON ONLINE

ONLINE CERTIFICATE PROGRAMS and CAREER TRAINING

Walla Walla Community College, in partnership with Gatlin Education Services (GES), offers online open enrollment programs designed to provide the skills necessary to acquire professional level positions for many in-demand occupations.

Online career training and continuing education courses that are designed to provide the workforce skills necessary to acquire professional caliber positions for many in-demand occupations.

Our programs are designed by a team of professionals from each respective field, who work to provide the most effective web-based learning experience available today. Instructors/mentors are actively involved in your online learning experience. They respond to any questions or concerns as well as encourage and motivate you to succeed.

Each program includes a set of lessons and evaluations; grades are a combination of the instructor’s or mentor’s evaluation of students’ work and computer-graded tests. We know you’ll appreciate the quality as well as the convenience of anytime, anywhere learning!

Please note: Once the course is accessed either by requesting materials or viewing lessons, there are no refunds.

**Modern Automotive Service Technician**
(380 Hours)
4527/AMM 041
The Modern Automotive Service Technician online program teaches the construction, operation, diagnosis, service, and repair of late-model automobiles and light trucks. This comprehensive program uses a building-block approach that starts with the fundamental principles of system operation and progresses gradually to complex diagnostic and service procedures. Students and professionals learn quickly and easily, helped by thousands of color illustrations, scores of 2-D and 3-D animations, built-in quizzes, and other interactive features. $2495

**Continuing Education Online Classes**

Update your skills, discover a new talent, or chart a career path at your own pace and at your convenience with our new instructor-led online courses. These lessons are supplemented by: interactive quizzes, assignments, tutorials, and online discussion areas. All materials will be made available to you over the World Wide Web. Read your lessons and ask questions of your instructor at times that are most convenient to you. All you need to get started is an e-mail address, Internet access and a Web browser. If you have a difficult time attending classes because your schedule is full or changes constantly, consider enrolling in an online class. You’ll be able to study a lesson, complete assignments, and ask questions from the convenience of your home or office.

**SPRING 2007 Extended Learning Online Courses begin on the following dates:**
- March 21
- April 18
- May 16
- June 20

4063/ED 299 $89.00
Solving Classroom/ Discipline Problems
4071/ED 299 $89.00

The Classroom Computer
4072/ ED 299 $89.00
Using the Internet in the Classroom
4073/ ED 299 $89.00
PowerPoint in the Classroom
4074/ ED 299 $89.00
Big Ideas in Little Books
4076/ ED 299 $89.00
Enhancing Language Development in Childhood
4082/ ED 299 $89.00

HOW TO REGISTER
1. Register by calling (509) 527-4443, if you have a VISA or MasterCard or come in and register in person. If you would like to register by mail, a mail in registration form is located at the end of the schedule for your use.

2. Once you have registered and paid WWCC for your online classes, you will need to go to www.ed2go.com/walla-walla and begin your course on the first day of class.

3. All Ed2Go classes run six weeks. Two class lessons are accessible each week for a total of 12 lessons.

4. The final exam is taken at the end of the sixth week.

5. Students can download a letter of completion for any class after meeting all course requirements. You will see instructions at the end of the final exam. Walla Walla Community College will send a certificate out to those who successfully complete all courses in a certificate program.

Complete online courses at your home, office or use our computer labs at Walla Walla Community College or Clarkston.

Telephone Registration Hours: 8:30 a.m.-4:30 p.m., Mon.-Fri., 509.527.4443

For Information Call 509.527.4331
ON-LINE COURSES

Online courses are delivered all or in part over the World Wide Web. These courses can be taken at home using your own computer, modem and Internet access or in the college computer labs.

GET STARTED

Please visit the WWCC homepage (before your course begins) at http://www.wwcc.edu and select Distance Learning in the Quick Links bar. This page provides links to detailed information about your course, how to get started and textbooks required for your class. Please call the Distance Learning Department if you have questions 509-527-4331.

INTRODUCTION TO BUSINESS

5525/BA*101

A survey for individuals who have a limited background in business. Introduces students to various environment issues that businesses operate within, including the history of business, typical forms of business, accounting, management styles, and marketing elements. Fulfills a Social Science requirement.

Steve Peters 5 cr
Instructor email is steve.peters@wwcc.edu. Course web site is http://staff.wwcc.edu/stephen.peters.

COMPUTER SOFTWARE PRINCIPLES

5505/CT*121

Survey of software currently used in home and work environments. Emphasis is on proficiency in using the basic functions in word processing, spreadsheets, database, presentations, Internet, and Microsoft Windows.

Prerequisites: CT 055.
Robin Greene 5 cr
Instructor email is robin.greene@wwcc.edu

INTRODUCTION TO STATISTICS

5520/MATH*201

A study of both descriptive and inferential statistics. Prerequisite: Grade of “C-” or higher in MATH 095 or permission of the Mathematics Department.

Eric Schulz 5 cr
Email instructor at eric.schulz@wwcc.edu to get started.

TELECOURSES

Telecourses offer you the opportunity to complete courses offered by WWCC in the comfort and convenience of your own home or at a chosen place of study. Telecourses consist of video or DVD programs, textbooks, study guides and/or workbooks. A licensing fee of $25.00 is required for each of these courses. A set of rental tapes or DVDs are available in the Bookstore for each of these courses for a non-refundable fee of $40 a quarter. To order textbooks or rental tapes by telephone, call the WWCC Bookstore at 527-4255 or 527-4256. Telecourse students need to pick up a telecourse information packet or workbook in the bookstore and read enclosed material before the beginning of the course.

GET STARTED

Please visit the WWCC homepage (before your course begins) at http://www.wwcc.edu and select Distance Learning in the Quick Links bar. This page provides links to detailed information about your course, how to get started and textbooks required for your class. Please call the Distance Learning Department if you have questions 509-527-4331.
WEED BIOLOGY AND IDENTIFICATION 5033/AGPR 105
An introductory course in weed science designed to provide an understanding of the principles and methods of controlling weeds, development of herbicides, and methods of application. Identification of plant and seed samples of weeds common to the Pacific Northwest will be covered.
Jerry Kjack 5 cr
Instructor email is jerry.kjack@wwcc.edu

PLANT SCIENCE 5061/AGPR*113
A basic course in plant science designed to provide a practical understanding of plant anatomy, morphology and growth of agriculture crops.
Charlene Flanigan 3 cr
Instructor email is charlene.flanigan@wwcc.edu

AG SAFETY AND HEALTH 5060/AGPR*140
A synopsis of safety and health issues that impact the quality of life and productivity of American agriculture.
Michael Moramarco 3 cr

BASIC SOIL SCIENCE 5060/AGPR*201
Introductory course designed to provide an understanding of soil structure and composition as related to temperature, water, and other environmental controls. Emphasizes studying soils from a land use and management perspective.
Jerry Kjack 5 cr
Instructor email is jerry.kjack@wwcc.edu

SOILS FERTILITY AND MANAGEMENT 5080/AGPR*202
This course offers a study of macro and micronutrient uptake and utilization by plants and the fertilizer products used to supply different nutrients. Includes soil conservation, erosion control practices, and utilization of soil survey reports. Prerequisite: AGPR 201 or instructor permission.
Jerry Kjack 5 cr
Instructor email is jerry.kjack@wwcc.edu

WINEMAKING FOR VITICULTURE 5081/EV*107
Introduces the science of wine farming and investigates how premium wines are called in the vineyard as well as at the winery. Prerequisite: WINE 102 or instructor’s permission.
Stan Clarke 3 cr
Instructor email is stanley.clark@wwcc.edu

PESTICIDE LICENSING FOR VITICULTURE 5082/EV*231
Preparation for the state of Washington pesticide-licensing exam with a special focus on wine grapes.
Charlene Flanigan 3 cr
Instructor email is charlene.flanigan@wwcc.edu

TURF EQUIPMENT MAINTENANCE AND REPAIR 5051/TST*252
A combination of lecture and lab, gives students a basic knowledge in gas and diesel engines, electrical power trains, and hydraulics allowing them to do simple tune-up and repairs and to be better operators.
George Klein 3 cr
Instructor email is george.klein@wwcc.edu

TURF EQUIPMENT OPERATIONS I 5031/TURF*101
Use and operation of turf equipment: mower units, top dressers, soil aerators, trimmers and edgers. Safety will be emphasized.
Bill Griffith 3 cr
Instructor email is bill.griffith@wwcc.edu

TURF EQUIPMENT OPERATIONS II 5043/TURF*102
Continuation of Turf Operations I, to include tractors, sprayers, and snow removal equipment.
Bill Griffith 3 cr
Instructor email is bill.griffith@wwcc.edu
TURF MAINTENANCE PRACTICES
5042/TURF*122
This course offers an introduction to methods used in maintenance of sports fields, parks, school grounds, and golf courses.
Charlene Flanigan 3 cr
Instructor email is charlene.flanigan@wwcc.edu

TURF PHYSIOLOGY
5032/TURF*201
Introductory class on turf grass science covering: turf grass physiology, plant physiology, turf grass identification, turf grass uses, cultivar selection future trends, and waste disposal methods.
Bill Griffith 6 cr
Instructor email is bill.griffith@wwcc.edu

TURF MANAGEMENT
5044/TURF*211
Fundamentals in turf management, operation and performance in areas of budgeting, aeration, sodding, over seeding, top dressing, mowing, and monitoring of weather and field conditions.
Bill Griffith 5 cr
Instructor email is bill.griffith@wwcc.edu

TURF DISEASES AND INSECTS
5049/TURF*215
An introductory course on the identification, study of life cycles, and control of insects and diseases common to turf. The course will concentrate on the fundamentals of entomology and plant pathology, as well as specific problems and their controls on turf.
Bill Griffith 3 cr
Instructor email is bill.griffith@wwcc.edu

LANDSCAPE MAINTENANCE AND CONSTRUCTION
5047/TURF*221
Maintenance and construction of landscapes that include turf, flowers, shrubs, trees, fencing, and hard surfaces.
Bill Griffith 5 cr
Instructor email is bill.griffith@wwcc.edu
HYBRID COURSES

These courses are a mix of traditional face to face instruction with an online component. Typically students will meet on campus 1-2 hours each week of the quarter at a time and place determined by the instructor. There is a technical fee charged to the student of $2 per credit. You will need regular access to a computer and must have an active Email account. Your computer should be a 486 or higher PC or Mac equivalent, with a 28.8 modem or higher, CD ROM drive with a sound card, 3.5 high density floppy drive, Netscape or Microsoft Internet Explorer 5.0 or higher, any type of word processing software compatible with Word 95/98, and internet connection.

WASHINGTON ONLINE (WAOL) COURSES

Washington Online is a cooperative effort by the Washington State Community and Technical College System. The courses offered are taught through the Internet by faculty at any of the Washington State Community and Technical Colleges. Classes are “attended” completely online. WAOL tuition is the same as on-campus classes plus an $8 per credit technical/online fee. You will need an active email account, CPU: 600MHz Intel Celeron processor or better, 64MB RAM, 6.4 GB hard drive, floppy drive: 3.5", 1.44MB, CD-ROM drive, network interface card: 3COM or Intel 10/100 Ethernet card, Operating System: Windows NT Workstation/Windows 2000 (preferred), Windows XP or Windows 98/Millennium Edition w/Y2K Compliant Service packs installed.

COMMUNICATING IN THE CORRECTIONS ENVIRONMENT 5711/CJ*250

Instruction and practical experience designed to develop the specific style of communication skills necessary to work effectively in a correctional institution.

Dominic Cortinas 5 cr
This is a hybrid course that uses both online and face-to-face instruction. Students will meet with the instructor every Thursday, from 11:30AM to 12:20PM in room 108. Instructor email is dominic.cortinas@wwcc.edu

BASIC EXPOSITORY WRITING 5802/ENG*100

Focuses on development of critical thinking and composition of analytic paragraphs and essays.

Lynn Chamberlin 5 cr
This is a hybrid course that uses both online and face-to-face instruction. Students will be expected to meet with instructor at some time during each week of the quarter. Please email your instructor on, or before, the first day of the quarter to get started - lisa.chamberlin@wwcc.edu

GET STARTED

Please visit the WWCC homepage (before your course begins) at http://www.wwcc.edu and select Distance Learning in the Quick Links bar. This page provides links to detailed information about your course, how to get started and textbooks required for your class. Please call the Distance Learning Department if you have questions 509-527-4331.

WAOL CAMPUS ORIENTATION

Two orientations will be conducted on campus for students interested in a hands-on introduction to the virtual classroom of Blackboard, the courseware used for all WAOL (Washington Online courses). The following times and locations are scheduled for Winter quarter 2006.

Monday, March 26th at 1:30 pm, in the Library.

Thursday, March 29th at 5:30 pm, in the Library.

Questions?? Call 509-527-4331
PLEASE NOTE:
• To begin your course, please visit the WWCC homepage at http://www.wwcc.edu and select Distance Learning in the Quick Links bar. This page provides links to information on how to get started in your DL course, and textbook requirements.
• If you need to order textbooks do it early, at least a week before the course begins.
• LAST DAY TO REGISTER is March 27th, 2007
• CLASSROOM OPENS March 22nd, 2007
• INSTRUCTION BEGINS March 29th, 2007
• INSTRUCTION ENDS June 6th, 2007

PRINCIPLES OF ACCOUNTING
5778/ACCT*201
Fundamentals of accounting theory and practice, including a study of the accounting cycle, the use of special journals and the use of accounting in management decisions.
Staff 5 cr

PRINCIPLES OF ACCOUNTING II
5779/ACCT*202
This course develops the accounting principles employed by partnerships and corporations with a heavy emphasis on the partners’ and stockholders’ equities. Also covered is the time value of money concepts, which are used extensively throughout accounting. Prerequisite: ACCT 201.
Staff 5 cr

MANAGERIAL ACCOUNTING
5780/ACCT*203
Application of accounting concepts and techniques to managerial problems of planning and control. Accounting viewed as a management tool. Prerequisite: ACCT 202.
Sam Barker 5 cr
Instructor email is sam.barker@wwcc.edu

INTRODUCTION TO ANTHROPOLOGY
5759/ANTH*101
An introductory course designed for the beginner in the study of anthropology. The course includes a brief study of the evolution of man and animals, man’s place among the animals, and various cultures around the world. An introduction to the terminology of the discipline and the role of today’s anthropologist will be emphasized.
WAOL 5 cr

ART APPRECIATION
5757/ART*100
Study and appreciation of the various periods in the history of art and the materials and methods used by artists. Course satisfies five of the Humanities credits required for graduation.
Karen Johnson 5 cr
Instructor email is karen.johnson@wwcc.edu

INTRODUCTION TO CRIMINAL JUSTICE
5708/CJ*101
Examines the relationships and respective responsibilities of different criminal justice agencies. Studies the movement through the system from initial investigation of the crime to ultimate release from confinement. Prerequisite: READ 098 recommended.
Dominic Cortinas 5 cr
Instructor email is dominic.cortinas@wwcc.edu

INTRODUCTION TO CRIMINAL LAW
5709/CJ*103
Introduction to the origin and structure of criminal law. Defines elements that constitute the body of criminal law for felonies, misdemeanors and procedural application, as statutory embodiments in the Washington Criminal Code.
WAOL 3 cr
INTRODUCTION TO CORRECTIONS
5710/CJ*105
Review of the field of corrections, tracing early American penal systems and philosophy to present day correctional programs. Emphasis is on our contemporary penal system.
WAOL 5 cr

CRIMINOLOGY
5717/CJ*106
Study of deviant behavior as it relates to the definition of crime. Prerequisite: READ 098 or instructor permission.
Dominic Cortinas 5 cr
Instructor email is dominic.cortinas@wwcc.edu

INTRODUCTION TO CHILDCARE
5752/ECE*148
A survey course that provides STARS approved basic training for childcare workers and licensed family day care personnel. READ 088 recommended.
WAOL 2 cr

GUIDING BEHAVIOR OF YOUNG CHILDREN
5788/ECE*170
This course will study classroom behavior management. READ 088 recommended.
WAOL 3 cr

CURRICULUM DEVELOPMENT
5789/ECE*231
Provides students with a basic knowledge of developmentally appropriate teaching procedures. READ 088 recommended.
WAOL 3 cr

CHILD NUTRITION, HEALTH AND SAFETY
5773/ECE*234
This course will help students explore, understand and analyze how various factors contribute to a child’s health and safety. READ 088 recommended.
WAOL 3 cr

SURVEY OF ECONOMICS
5755/ECON*200
Emphasis is given to application of economic principles and concepts in solving economic problems encountered by individuals at the firm or household level up to the national level. College transfer students are encouraged to take ECON 201 and 202.
WAOL 5 cr

ENGLISH COMPOSITION I
5707/ENG*101
Focuses on the development of structural and stylistic writing skills with concentration on expository, critical, analytical, and persuasive essay techniques. Prerequisite: Placement by entrance assessment or grade of “C” or better in ENG 100.
Shalin Hai-Jew 5 cr
Instructor email is shaline@ksu.edu or shalin.hai-jew@wwcc.edu

ENGLISH COMPOSITION II
5706/ENG*102
Concentrates on learning how to gather and present evidence for a research or library paper in the humanities, social sciences, or natural sciences. Both MLA and APA documentation will be studied. Prerequisite: ENG 101 with a grade of “C” or better.
Rosemary Reigle 5 cr
Instructor email is rosmary.reigle@wwcc.edu

GENERAL NUTRITION
5771/FCS*165
Study of food nutrients and application of this knowledge in relation to normal health throughout the life cycle, including socio-economic, cultural, ethnic and psychological implications of food. Prerequisite: Reading 98 recommended. High school or college chemistry recommended.
Sue Roberts 5 cr
Instructor email is sue.roberts@charter.net

Distance Learning
For Information Call 509.527.4331
PACIFIC NORTHWEST GEOLOGY 5740/GEOL*210
In this course you will examine the present-day geology as well as geologic history of the Pacific Northwest. Topics include plate tectonics, volcanism, rocks and minerals, faults and folds, age determination, map reading, mountain building, and glaciations. Successful completion of the course requires a field excursion to a site chosen by the student. This course includes lab work.
Ralph Dawes 5 cr
Instructor email is rdaues@wwcc.edu

WESTERN CIVILIZATION I 5703/HIST*101
Survey of the history of Western society and culture covering origins to Renaissance. NOTE that this course may not be taken if a student has already satisfactorily completed History 105. Suggested reading level: READ 098.
Daniel Calzaretta 5 cr
Instructor email is daniel.calzaretta@wwcc.edu

WESTERN CIVILIZATION II 5704/HIST*102
Survey of the history of Western society and culture from the Renaissance to the Industrial Revolution. NOTE that this course may not be taken if a student has already satisfactorily completed History 107. Suggested reading level: READ 098.
Daniel Calzaretta 5 cr
Instructor email is daniel.calzaretta@wwcc.edu

WESTERN CIVILIZATION III 5705/HIST*103
The history of Western society and culture from the Industrial Revolution to the present. NOTE that this course may not be taken if a student has already satisfactorily completed History 109. Suggested reading level: READ 098.
Daniel Calzaretta 5 cr
Instructor email is daniel.calzaretta@wwcc.edu

MEDICAL VOCABULARY 5749/HO*280
Students will learn basic elements that make up medical words: prefixes, word roots, combining forms and suffixes. The course includes a review of each body system utilizing practical application of medical vocabulary. Text and medical dictionary available in the Bookstore.
Bev O’Laughlin 2 cr
Instructor email is bev.olaughlin@wwcc.edu

BEGINNING YOGA I 5761/HPER*166
Beginning Yoga is an introduction to the philosophy and practice of the ancient art of Yoga. This course will teach beginning Yoga students the basic physical components of Yoga as well as the essential written principles of this ancient art.
*HPER 166 Beginning Yoga I 1 credit
*HPER 167 Beginning Yoga II 1 credit
*These two courses must be taken concurrently.
Karen Johnson 1 cr each
Instructor email is karen.johnson@wwcc.edu

BEGINNING YOGA II 5762/HPER*167
Beginning Yoga II continues in the exploration of philosophy and practice of the ancient art of Yoga. This course will teach beginning Yoga students the basic physical components of Yoga as well as the essential written principles of this ancient art.
*HPER 166 Beginning Yoga I 1 credit
*HPER 167 Beginning Yoga II 1 credit
*These two courses must be taken concurrently.
Karen Johnson 1 cr each
Instructor email is karen.johnson@wwcc.edu

YOGA TO GO I, II & III
5793/HPER*168
5794/HPER*169
5795/HPER*170
Beginning, intermediate and intermediate-advanced exploration of the philosophy and practice of the ancient art of Yoga. Students will learn the physical components of Yoga practice as well as the essential written principles. Note: These courses may be taken for 1, 2 or 3 unduplicated PE credits.
Karen Johnson 1 cr each
Instructor email is karen.johnson@wwcc.edu
BASIC FITNESS I & II
5768/HPER*188 & 189
This fitness course includes 3 parts: (workout program), (research paper & quizzes), (projects & chat rooms with classmates). Topics include developing a personalized workout program, nutrition, exercise principles, and general health. HPER 188 & HPER 189 (1 credit each) must be taken concurrently.
*HPER 188 Basic Fitness I 1 credit
*HPER 189 Basic Fitness II 1 credit
Chad Bodnar 2 cr
Instructor email is chad.bodnar@wwcc.edu

BASIC FITNESS III
5770/HPER*190
This course is the third in a 3 part series. Topics include developing a personalized workout program, nutrition, exercise principles, and general health. Prerequisite: HPER 188 & 189.
Chad Bodnar 1 cr
Instructor email is chad.bodnar@wwcc.edu

PERSONAL AND COMMUNITY HEALTH AND HYGIENE
5753/HPER*274
A course designed to present current information to students, and enable them to make intelligent decisions concerning their physical, mental and social well-being. The importance of positive personality and self-image is also stressed as a basis for sound health decisions.
WAOL 5 cr

INTRODUCTION TO INFORMATION RESOURCES
5754/LIB*110
A course designed to introduce the student to computer-based research and print resources. Resources used will include library information networks, online catalogs, and the Internet. Students will learn strategies for locating and citing recourses.
WAOL 5 cr

INTRODUCTION TO LITERATURE
5734/LIT*140
Studies poetry, fiction, drama, and non-fiction from around the world.
Bruce Schmidlkofer 5 cr
Instructor email is schmid@cablerocket.net

MATHEMATICS I
5721/MATH*049
Basic mathematical concepts with an emphasis on practical application and consumer-related word problems. Prerequisite: Appropriate placement score or instructor permission.
Martha Smith 5 cr
Instructor email is martha.smithr@wwcc.edu

MATHEMATICS II
5722/MATH*050
Bridges the gap between arithmetic and algebra. Prerequisite: Appropriate placement score, grade of “C-” or better in MATH 049, or instructor permission.
Martha Smith 5 cr
Instructor email is martha.smithr@wwcc.edu

INTRODUCTORY ALGEBRA
5726/MATH*065
Covers the basics of algebra (MATH 065/095): variables and their applications, solving equations, and an introduction to graphing linear and quadratic functions. Prerequisite: Grade of “C-” or higher in MATH 050, satisfactory placement score or permission of the Mathematics Department.
Sheila Palmer 5 cr
Instructor email is sheila.palmer@wwcc.edu

INTERMEDIATE ALGEBRA
5727/MATH*095
The second of a two-course series covering the basics of algebra (MATH 065/095): algebraic expressions, solving equations and inequalities, solving systems of linear equations, an introduction to functions, and graphing functions/relations. Prerequisite: Grade of “C-” or higher in MATH 065 or MATH 065B, satisfactory placement score or permission of the Mathematics Department.
Sheila Palmer 5 cr
Instructor email is sheila.palmer@wwcc.edu
MATH: A PRACTICAL EXPERIENCE
5756/MATH*107
A course demonstrating the use of a variety of mathematical topics in management science, social choice, measurement and geometry, and other miscellaneous areas. Quantitative skills necessary to understanding and taking a part in our technological society will be stressed. Prerequisite: Grade of “C” or higher in MATH 095 or permission of the Mathematics department.
Sheila Palmer 5 cr
Instructor email is sheila.palmer@wwcc.edu

INTERMEDIATE WORD PROCESSING
5714/OT*126
Introduces and develops advanced formatting and work processing functions for the creation of business documents. Continued development of keyboarding speed and accuracy as well as proofreading and editing skills is provided. Prerequisite: OT 125.
Susan Quinn 5 cr
Instructor email is susan.quinn@wwcc.edu

MEDICAL TERMINOLOGY
5751/OT*280
Students study medical terminology to prepare for an entry-level position as a medical transcriptionist or medical secretary. Terminology in the fields of pediatrics, surgery, psychiatry, dermatology, urology, cardiology, in addition to medical suffixes and prefixes are learned. This course is ideal for the student interested in a medical profession.
Bev O’Laughlin 5 cr
Instructor email is bev.olaughlin@wwcc.edu

MUSIC APPRECIATION
5760/MUS*101
This course is a historical survey of western music that focuses primarily upon the song, though other musical forms are examined. The course consists largely of directed listening to a broad range of musical ideas and guided hands-on musical activities. The course covers the musical period from 1600 to the modern era.
WAOL 5 cr

INTRODUCTION TO PHILOSOPHY
5758/PHIL*101
This course confronts the big questions human beings have struggled with for millennia, and engages in dialog with some of the world’s greatest thinkers and seekers. Examines important terminology, chronology, and conceptual language of some of the great philosophical traditions. At a minimum, students should read above READ 98 and write above WRITE 100.
WAOL 5 cr

INTRODUCTION TO PSYCHOLOGY
5764/PSY*101
A survey course introducing students to factors which influence human behavior and thinking. The outcome of this study should be a clearer understanding of individual behavior. Critical thinking skills and practical applications are emphasized. Suggested minimum reading level: READ 98.
Jill Seiver 5 cr
Instructor email is jillseiver@hotmail.com

Register with a Visa or MasterCard 509.527.4443, 8:30 a.m.-4:30 p.m.
For Information Call 509.527.4331
DEVELOPMENTAL PSYCHOLOGY
5765/PSY*103
An in-depth study of human development focusing on the physical, cognitive and psychosocial domains of each of the stages of the life span from birth to death. Suggested minimum reading level: READ 98.
Jill Seiver 5 cr
Instructor email is jillseiver@hotmail.com

INTRODUCTION TO SOCIOLOGY
5735/SOC*101
This course introduces the basic principles of social relationships, collective behavior and human interaction. These principles are applied to the study of culture; race, gender, and class inequality; deviance; law; and social change. Suggested minimum reading level: READ 088.
Christopher Winter 5 cr
Instructor email is sociology@cableone.net

FUNDAMENTALS OF SPEECH
5716/SPCH*101
This course emphasizes developing competency in planning, preparing, presenting, and evaluating basic speech with emphasis on critical and orderly thinking; using appropriate language, support and motivational appeals; handling speech anxiety; and assessing audiences.
Linda Anthony 5 cr
Instructor email is linda.anthony@wwcc.edu

</table>

A1 - Washington residents (for residency questions, see college catalog);
A2 - nonresidents who are taking classes toward H.S. completion; or
A3 - residents under age 19 taking classes toward high school completion, with permission only.
A4 - non US citizens without visa if the Washington Higher Education Residency, Affidavit/Delaration/ Certification, (HB1079) is met.

Note: Effective July 1, 2003, individuals who are not permanent residents or U.S. citizens MAY qualify for resident tuition if they have or will have graduated from a Washington State high school, or while living in Washington, have received the equivalent of a high school diploma. A three year residency requirement must be fulfilled. Additional criteria are required. Please contact the Walla Walla Campus Office of Admission and Records, 509-527-4283; toll free 1-877-992-9922.

B - U.S. citizens classified as OR ID residents.
C - U.S. citizens, NOT classified as residents of WA ID or OR.
D - International students, or non-U.S. residents.
E - Washington residents enrolled in high school completion classes (19 years or older).
F - Family/Parent Education classes only.

### Facility Use Fee

- $40 per credit (minimum $8, maximum $40) included in aboveschedule.

### Technology Fee

- $3 per credit (minimum $0, maximum $30) included in above schedule.

### Matriculation Fee

- $5 per credit (minimum $2, maximum $20).

Professionals and students registered exclusively in required professional-technical courses for their degree will be charged $20.00 per credit in excess of 18; other students registered for more than 18 credits, see schedule above for 19+ credits.

Reduced tuition rates available for eligible Washington domiciled veterans or National Guard members, children & spouses of totally disabled or POWs/MIA’s or deceased eligible veterans or National Guard. See Office of Admissions and Records for qualifications.

### ABE, GED, ESL students

Pay a $25.00 charge per quarter at the time of registration.

### OTHER REQUIRED COSTS

- $26.10 lab fee is charged per quarter for science, professional-technical, computer and other selected classes.
- Books: estimated cost—$298 per quarter.
- Fitness fee: $6.50 charged quarterly for specific fitness classes (see course description footnote).
- Other fees may be charged for specific courses.
- Registration fee: $34.35-to be paid after quarterly registration/tuition due date.

### OTHER INFORMATION

- Call toll free 1-877-992-9922 if you have additional questions.

### SENIOR CITIZENS

- Classes developed specifically for senior citizens, including QUEST — $27.50 per credit (plus $1 credit Facility Use fee & $1 credit Matriculation fee), plus any appropriate lab fees for specific classes.
- On a space-available, not-for-credit basis, Washington State seniors (age 60 and above) may also enroll in classes for $2.50 per class, limited to two classes per quarter (does not include special fee classes).
- Seniors cannot register for these classes until after the first class meeting.
Evening College Offerings

Accounting Technology

Managerial Accounting 0318/ACCT 203
Application of accounting concepts and techniques to managerial problems of planning and control. Accounting viewed as a management tool. Prerequisite: ACCT 202.
TTh 7-9:30 pm
Room 105 Lyons
5 cr

See Distance Learning section for additional offerings.

Adult Basic Education

Abe Skills Level I, II, III, IV
A106/ABE 001, A107/ABE 002
A108/ABE 003, A109/ABE 004
Instructional courses designed for teaching reading, writing and computational skills to individuals who at intake test at grade levels 0-3. Laboratory format.
TTh 6:30-9 pm
Room 280 Woodard
1-5 cr

English as a Second Language-Multi Level
E107/ESL 060
TTh 6-8:30 pm
Room 211 Roberg
1-4 cr

Art

Ceramics I, II, III
0105/ART 160
0106/ART 161
0107/ART 162
Theory, history, and aesthetics of ceramics using hand building methods with a focus on wheel throwing. Lab hours required and materials to be purchased. Prerequisite: ART 160/161 or instructor permission.
MW 5:30-8:30 pm
Room 1404 Forbes
4 cr
LAB FEE: $26.10.

Sculpture I, II, III
0130/ART 167
0131/ART 168
0132/ART 169
Experimentation in three-dimensional design with an emphasis on ceramic sculpture. Prerequisite: Instructor permission.
MW 5:30-8:30 pm
Room 1404 Forbes
4 cr
LAB FEE: $26.10.

Ceramics and Sculpture IV, V, VI
0143/ART 260
0141/ART 261
0142/ART 262
Theory, history, aesthetics of ceramics using hand building and wheel thrown forms. Lab hours required and materials to be purchased. Prerequisite: ART 162 or instructor permission.
MW 5:30-8:30 pm
Room 1404 Forbes
4 cr
LAB FEE: $26.10.

See Distance Learning section for additional offerings.
Auto Body Repair Technology

Auto Body Co-Op
0187/ABT 083
The Auto Body Program covers all aspects of body repair and painting with emphasis on the most up-to-date methods. The successful body technician enjoys working with his hands and is meticulous in the way he carries out the repair operations. Students in this program will be able to work for a Certificate of Proficiency in various units of special interest.

Arr 4-6 pm
Room 333 Norton
1-21 cr

Auto Body Repair Technology

Auto Mechanics/Repair Technology

Basic Car Care
3145/CS 030
Introduction to auto mechanics for anyone who is unfamiliar with basic auto maintenance and repair. Topics include vehicle basics, safety, fluids, changing tires, emergency equipment, tools, brakes and vehicle shopping tips/tools. FEE: $89.

W 6:30-9:30 pm
Room 1408 Haun
1.5 cr

Auto Technician In-Service
0213/AMM 105; 0214/AMM 105
Provides computer-based training to introduce the student to electrical/electronic automobile systems. Topics include electronic engine control, battery, starting and charging systems diagnosis and repair. Designed for apprentice and journeyman automotive technicians interested in furthering their understanding of modern automobile electrical systems and those interested in becoming familiar with basic computerized automotive operations.

0213/AMM 105 (This class meets for four weeks: 3/29/07-4/19/07)
Th 6:30-8:30 pm
Room 1408 Haun
1 cr
LAB FEE: $26.10.

0214/AMM 105 (This class meets for four weeks: 5/03/07-5/24/07)
Th 6:30-8:30 pm
Room 1408 Haun
1 cr
LAB FEE: $26.10.

Special Topics
0209/AMM 199
Study and train to meet established local needs in the auto mechanics industry, supplemental to courses currently offered. Prerequisite: Instructor permission.

M 6-9 pm
Room 1408 Haun
2 cr
COVERALL FEE: $35.

Biological Science

Anatomy & Physiology II
0251/BIO 211
The emphasis is the study of structure and function of the following systems: endocrine, cardiovascular, lymphatic, respiratory, digestive, urinary and reproductive. Mammalian dissections, tissue and fluid analyses, and microscopic histologic observations are emphasized in the lab. Four hours of lecture and one two-hour lab per week. Prerequisite: BIO101 or BIO151 and BIO 210.

MW 7-10 pm
Room 226/243 Van Dyke
5 cr
LAB FEE: $26.10.

Business

See Distance Learning section for course offerings.

Chemistry

Chemistry
0409/CHEM 101
A practical approach to inorganic, organic, and biochemistry designed primarily for students in various health-related programs. A comprehensive set of laboratory experiments is provided to implement and supplement the topics covered. Prerequisite: MATH 65. (Suggested minimum reading level: READ 098).

MW 5:30-8:30 pm
Room 241/227 Staff
5 cr
LAB FEE: $26.10
Chinese

Mandarin Chinese III  
2506/CHIN 049  
Continue a formal introduction to Mandarin Chinese as you continue to acquire the basic language skills of understanding, speaking, reading, and writing Chinese. This study is recommended if you are planning on traveling to China either as a tourist or for business.  
TTh 5:30-7 pm  
Tech Center 1107A Cochran  
3 cr

Computer Technology

Website Management  
0582/CT 282  
Provides knowledge and real-world applications about building interactive web sites such as e-commerce applications. Languages such as PHP and ASP.NET will be reviewed and the primary focus will be on ColdFusion. 
Prerequisite: CT 225 or instructor permission.  
TTh 5-7:30 pm  
Room 1121 Michaels  
5 cr  
LAB FEE: $26.10

See Distance Learning section for additional offerings.

Criminal Justice

See Distance Learning section for course offerings.

Early Childhood Education

Environments for Young Children  
0920/ECE 136  
Planning physical spaces appropriate to children’s cognitive, physical, and socio-emotional development. 
Recommended: READ 088.  
W 4:30-7:30 pm  
Room 104 Snook  
3 cr

Teaching Young Children I  
1083/ECE 139  
Provides student experience in an early care or education setting. 
Prerequisites: ECE 191 and instructor permission. 
Recommended: READ 088.  
T 4-6:30 pm  
Room 102 Meyer  
3 cr

Teaching Young Children II  
1080/ECE 239  
Provides student experience in an early care and education setting. 
Prerequisite: Instructor permission, successful completion of ECE 139 and ECE 291. 
Recommended: READ 088.  
T 4-6:30 pm  
Room 102 Meyer  
3 cr

Introduction to Exceptional Students  
0919/ECE 155  
Explore the characteristics of children with special needs. Students may not earn credit for both ED 155 and ECE 155. 
Recommended: READ 088.  
Th 5:30-8:30 pm  
Room 104 Morgan  
3 cr  
See Distance Learning for additional course offerings.

Economics

See Distance Learning section for course offerings.

Education

Introduction to Exceptional Students  
0909/ED 155  
Explores the characteristics of children with special needs. Students may not earn credit for both ED 155 and ECE 155. 
Recommended: READ 088.  
Th 5:30-8:30 pm  
Room 104 Morgan  
3 cr
Practicum I: Teaching Young Children 0921/ED 200
Students assume the role of paraeducator assisting in the classroom. Prerequisites: Instructor’s permission, successful completion of ECE 146. READ 088 recommended.
T 4-6:30 pm
Room 102
Brennan
3 cr

Practicum II: Teaching Young Children 0922/ED 210
Second year students assume the role of paraeducator assisting in the classroom. Prerequisites: Instructor’s permission, successful completion of ED 200, ECE 146. READ 088 recommended.
T 4-6:30 pm
Room 102
Brennan
3 cr

English

Writing Fundamentals II 1004/ENG 089
A basic writing course which focuses on key elements of grammar, sentence and paragraph structure, and specific writing tasks such as descriptions, directions, and summaries. Prerequisite: Placement by entrance assessment.
MW 7-9:30 pm
Room 201
Bushnell
5 cr

Special Topics – Writing I 1028/ENG 092
Provides students an opportunity to improve identified and specific areas of writing skills. Individualized instruction according to student’s goals.
MW 7-9:30 pm
Room 201
Bushnell
5 cr

Special Topics – Writing II 1029/ENG 093
Provides students an opportunity to review a specific area of writing. Individualized instruction according to student’s goals.
MW 7-9:30 pm
Room 201
Bushnell
5 cr

Special Topics – Writing III 1005/ENG 094
Provides students the opportunity to review a specific area of writing. Individualized instruction according to students’ goals.
MW 7-9:30 pm
Room 201
Bushnell
5 cr

Writing Fundamentals III 1006/ENG 099
Grammar review, sentence combining, paragraphing, organization and development, and editing and proofreading. Prerequisite: Placement by entrance assessment or a grade of “C” or better in ENG 80 or 89.
MW 7-9:30 pm
Room 201
Bushnell
5 cr

English Composition I 0953/ENG 101
Focuses on the development of structural and stylistic writing skills with concentration on expository, critical, analytical, and persuasive essay techniques. Prerequisite: Placement by entrance assessment or a grade of “C” or better in ENG 100.
TTh 4:30-7 pm
Room 105
Bushnell
5 cr

English Composition II 0954/ENG 102
Concentrates on learning how to gather and present evidence for a research or library paper. Prerequisite: ENG101 with a grade of “C” or better.
MW 4:30-7 pm
Room 107
Rootvik
5 cr

See Distance Learning section for additional offerings.

High School Completion

U.S. History II
1233/HSC 037
This course deals with the history, government, and politics of America from reconstruction to the modern era. It is designed to give students a basic understanding of the American past as it relates to today’s experiences and to help them appreciate how this country developed and is developing.
TTh 7-9:30 pm
Room 220 Woodard
1-5 cr

Civics and Contemporary Affairs
1236/HSC 038
A study of our freedoms and responsibilities as U.S. citizens including the Constitution, Bill of Rights, foreign relations.
TTh 7-9:30 pm
Room 220 Woodard
1-5 cr

Pacific Northwest History
1234/HSC 039
Geography, Indian cultures, settlement, economy and ecology of the State of Washington and the Pacific Northwest.
TTh 7-9:30 pm
Room 220 Woodard
1-3 cr

History

See Distance Learning section for course offerings.

Humanities

Four Perspectives
1279/HUM 110
An exploration of four remarkable perspectives in human history based on the lives and the teachings of Pythagoras, the Buddha, Jesus Christ, and Galileo.
W 7-10 pm
Room 104 Burgess
3 cr

Library

See Distance Learning section for course offerings.
Introduction to Algebra
1511/MATH 065
Covers the basics of algebra (MATH 65/95): variables and their applications, solving equations, and an introduction to graphing linear and quadratic functions. Prerequisite: Grade of “C-” or higher in MATH 50, satisfactory placement score or permission of Mathematics Department.
TTh 7-9:30 pm
Room 106 Green
5 cr

Intermediate Algebra
1512/MATH 095
The second of a two-course series covering the basics of algebra (MATH 65/95): algebraic expressions, solving equations and inequalities, solving systems of linear equations, an introduction to functions, and graphing functions/relations. Prerequisite: Grade of “C-” or higher in MATH 65, satisfactory placement score or permission of Mathematics Department.
TTh 7-9:30 pm
Room 207 Grimm
5 cr

Precalculus I
1488/MATH 109
An in-depth study of algebra to prepare students for advanced mathematics courses. Prerequisite: Grade of “C-” or higher in MATH 95 or permission of Mathematics Department.
TTh 7-9:30 pm
Room 205 Van Dyke
5 cr

Mathematics for Elementary School Teachers II
1492/MATH 206
Designed for elementary school teachers focusing on geometry, statistics, and measurement pertaining to mathematics taught at the elementary school levv. This course satisfies the quantitative skills requirement for the AA degree, provided that MATH 205 has also been completed with a grade of “C-” or higher. This class will meet at Pioneer Middle School, Room B34.
TTh 4-6:30 pm
B34-Pioneer Middle School Jepson
5 cr

Music
See Distance Learning section for course offerings.

Nutrition

General Nutrition
1097/FCS 165
Study of food nutrients and application to normal health throughout the life cycle, including social-economic, cultural, ethnic, and psychological implications of food. Recommended: READ 098, high school or college chemistry.
MTWTh 4:15-5:20 pm
Room 103 Neisner
5 cr

See Distance Learning section for additional offerings.

Office Technology

2006-2007 State Support of Higher Education Students

RCW 28B.10.044 directs colleges to provide “state support” information to students. This requirement became effective fall quarter 1997, and must be provided to students quarterly.

The following table indicates the amount of state support by tuition category for students attending community and technical colleges. This information is to be used for the academic year 2006-2007.

<table>
<thead>
<tr>
<th>Instructional Cost per FTE Student</th>
<th>Resident Undergraduate</th>
<th>Nonresident Undergraduate</th>
</tr>
</thead>
<tbody>
<tr>
<td>Operating Fee</td>
<td>$6,192</td>
<td>$6,192</td>
</tr>
<tr>
<td>Net State Support per FTE Student</td>
<td>$4,119</td>
<td>...</td>
</tr>
</tbody>
</table>

The following table indicates the amount of state supported financial aid including that provided from the local institutional financial aid fund (3 ½ percent).

<table>
<thead>
<tr>
<th>State Financial Aid</th>
<th>Institutional Financial Aid</th>
</tr>
</thead>
<tbody>
<tr>
<td>Undergraduate Resident</td>
<td>$638</td>
</tr>
<tr>
<td>Undergraduate Nonresident</td>
<td>$ 45</td>
</tr>
</tbody>
</table>

*Institutional financial aid is shown on an average student basis. Data are not available to allocate by student category. Institutional financial aid is not available to nonresidents.

Note: Data source provided by the Higher Education Coordination Board is available upon request.

If you have any questions, please contact me at (360) 764-4305 or njackinspark@sbctc.ctc.edu.

Pre-Registration  Please register for your classes at least a week prior to the start of the class. Your early registration may have a big impact in a class with minimum enrollment. If you pre-register we can notify you of a location change, instructor illness, or class cancellation.

Cancellations  Classes may be cancelled due to low enrollment. If a class is cancelled, pre-registered students will be notified based on the information they provide. We regret any inconvenience this may cause.

Refunds  ❖ Full refunds are given for cancelled classes.
❖ Student requested refunds can be made before the start of the second class session.
❖ Please notify our office at least three working days in advance to receive a full refund. A refund can be given in advance if it is requested at least three working days prior to the event. No refunds will be given to “no-shows.”
❖ Refunds for check or cash payments take approximately two weeks. Credit card payments will be credited to the card holder’s account.

Do you want to teach a class?  Bring your special skill to the community by offering to teach a class for us! Classes range from single sessions to a quarter-long series.
Telephone Registration Hours: 8:30 a.m.-4:30 p.m., Mon.-Fri., 509.527.4443
