

Do you have colleagues that have taught your content online or hybrid already? They have content they can now share directly with you (and you can share to other courses you manage).

1. [Direct share a page](#) in Canvas
2. [Direct share a discussion](#) in Canvas
3. [Direct share an assignment](#) in Canvas
4. [Direct share a quiz](#) in Canvas

Full courses should still be shared using the [export/import](#) method between colleagues. And just the [import step](#) for copying between courses you manage.
