### Report on Accountability

Thank you for the opportunity to work with you to promote accountability, integrity and openness in government. The State Auditor's Office takes seriously our role of providing state and local governments with assurance and accountability as the independent auditor of public accounts. In this way, we strive to help government work better, cost less, deliver higher value and earn greater public trust.

Independent audits provide essential accountability and transparency for College operations. This information is valuable to management, the governing body and public stakeholders when assessing the government's stewardship of public resources.

The attached comprises our report on the College's compliance and safeguarding of public resources. Our independent audit report describes the overall results and conclusions for areas we examined. We appreciate the opportunity to work with your staff and we value your cooperation during the audit.

Sincerely,

A handwritten signature in cursive script that reads "Troy X. Kelley".

## AUDIT SUMMARY

### Results in brief

In the areas we audited, College operations complied with applicable requirements and provided adequate safeguarding of public resources. The College also complied with state laws and regulations and its own policies and procedures in the areas we examined.

### About the audit

This report contains the results of our independent accountability audit of the Walla Walla Community College from July 1, 2012 through June 30, 2015.

Management is responsible for ensuring compliance and adequate safeguarding of public resources from fraud, loss or abuse. This includes the design, implementation and maintenance of internal controls relevant to these objectives.

Our audit involved performing procedures to obtain evidence about the College's uses of public resources, compliance with state laws and regulations and its own policies and procedures, and internal controls over such matters.

In keeping with general auditing practices, we do not examine every transaction, activity or area. Instead, the areas examined were those representing the highest risk of fraud, loss, abuse, or noncompliance. The following areas were examined during this audit period:

- Cash receipting
- Foundation contract
- Third party cash receipting
- Unrelated business income

## RELATED REPORTS

### **Financial**

We perform an annual audit of the statewide basic financial statements, as required by state law (RCW 43.09.310). Our opinion on these financial statements is included in the Comprehensive Annual Financial Report (CAFR) prepared by and available from the Office of Financial Management.

The CAFR reflects the financial activities of all funds, organizations, institutions, agencies, departments and offices that are part of the state's reporting entity. That report is issued by the Office of Financial Management in December of each year and can be found at [www.ofm.wa.gov](http://www.ofm.wa.gov).

A summary of the audit for the period ending June 30, 2015, can be found at: <http://www.sao.wa.gov/resources/Pages/AnnualReports.aspx>

### **Federal programs**

In accordance with the Single Audit Act, we annually audit major federal programs administered by the state of Washington. Rather than perform a single audit of each agency, we audit the state as a whole. The results of that audit are published in a report issued by the Office of Financial Management in March of each year.
