

WHAT IS CHEMISTRY?

Chemistry provides much of the common vocabulary, facts, and tools necessary for success in any area of science. Ultimately, most of the phenomena in the biological, geological, physical, environmental, and medical sciences can be expressed in terms of th

CAREERS IN CHEMISTRY

- Chemist & Materials Scientist
- Materials Engineer
- Pharmacist
- Forensic Scientist
- Agriculture & Food Scientist

WHAT DEGREE DO I GET AT WWCC?

For transferring to a university to pursue a major in Chemistry, you may want to complete an Associate in Science, Option I at WWCC. Below are recommended courses to prepare you for this major. Check out www.wvcc.edu/associateinscience for specific degree requirements.

RECOMMENDED COURSES

Every university and major may require slightly different prerequisites. It is highly recommended that you speak with a representative at the future institution to identify specific prerequisite coursework or other requirements to be ready for your major (eg-minimum GPA requirements) and work with your advisor to develop an Education Plan including proper courses.

The courses listed below are recommended only, completion of these courses does not guarantee admissions to institutions or programs.

COMMUNICATIONS (5 CREDITS REQUIRED)

- ENGL&101-Composition I

HUMANITIES AND SOCIAL SCIENCES (15 CREDITS REQUIRED)

- Select courses with your Advisor.

NATURAL SCIENCES (30 CREDITS REQUIRED)

- CHEM&161-General Chemistry I w/ Lab
- CHEM&162-General Chemistry II w/ Lab
- CHEM&163-General Chemistry III w/ Lab

The AS Option II degree requires an additional 3 credits for Physical Activity courses for completion.

QUANTITATIVE (15 CREDITS REQUIRED)

- MATH&151-Calculus I
- MATH&152-Calculus II
- MATH&153-Calculus III

ELECTIVES (12 CREDITS REQUIRED)

- Select electives with your Advisor.

- PHYS&221-Engineering Physics I w/ Lab I
- PHYS&222-Engineering Physics II w/ Lab
- PHYS&223-Engineering Physics III w/ Lab

Important Notes:

While an advisor is available to help research and plan courses, it is the student's responsibility to research and communicate with schools and programs to which they intend to apply to verify prerequisites and requirements as these vary and are subject to change.

SOME SCHOOLS WITH A CHEMISTRY PROGRAM:

- Boise State University
- Eastern Washington University
- Lewis~Clark State College
- Oregon State University
- University of Idaho
- Walla Walla University
- Washington State University

This is general guide for planning purposes and does not include specific dates for specific schools; that information must be obtained from your prospective colleges and universities. There are more schools offering a major in Chemistry. For more Transfer Tips and Resources including schools with this pathway, see the other side or visit www.wvcc.edu/transfer-center/programs .

CAREER RESOURCES

- American Chemical Society - www.acs.org

For more information and resources, please visit our Career website at: www.wvcc.edu/career-services

TRANSFER RESOURCES

Please visit the Transfer Center at www.wvcc.edu/transfer

By the end of the First year or 3rd quarter.....

- ✓ Select a major or area of study and select the appropriate WVCC degree to meet your goals
- ✓ Narrow your potential transfer schools to 3-5 schools
- ✓ Make a list of transfer requirements for your school(s) and major
- ✓ With your advisor, draw up an education plan to plot out the courses for degree completion and major readiness

Other things to do:

- Talk with college representatives that visit WVCC
- Contact an advisor at the transfer institution in which you are interested, make sure your education plan will work for the major
- Visit the campus (if applicable) of your potential transfer school
- Fill out interest cards to receive information from schools
- Apply for TRiO and/or the Honors program if eligible

In the Second Year....

Fall

- ✓ Apply for admissions to your transfer school(s) of choice, (providing copies of official transcripts from all schools you have attended)
- ✓ Contact an advisor at your prospective transfer school
- ✓ Research scholarship eligibility and deadlines, prepare to apply

Winter

- ✓ Complete the FAFSA and additional financial aid material required by your transfer school
- ✓ Complete scholarship applications
- ✓ Start considering housing options at your transfer school
- ✓ Apply for your degree at WVCC

Spring

- ✓ Complete graduation requirements for WVCC
- ✓ Accept/reject university offers
- ✓ Apply for housing (If needed)
- ✓ Request final transcript from WVCC after grades and degree(s) are posted
- ✓ Attend an Orientation session at transfer institution
