

WHAT IS SURGICAL TECHNOLOGY?

Surgical technologists are members of operating room teams working under authority and supervision of the surgeon unless prohibited by state law or hospital policy. Before an operation, they help prepare the operating room by setting up sterile surgical

WHAT DEGREE DO I GET AT WWCC?

For most Health Technology Degrees, the Associate in Arts-DTA works to incorporate prerequisite courses at WWCC in your education plan. Below are recommended courses to prepare you for this type of program. Check out www.wbcc.edu/associateinarts for specific degree requirements.

RECOMMENDED COURSES

Every program / institution may require slightly different prerequisites. It is highly recommended that you speak with a representative at the future institution to identify specific prerequisite coursework or other requirements to be ready for your program (eg-minimum GPA requirements) and work with your advisor to develop an Education Plan including proper courses.

The courses listed below are recommended only, completion of these courses does not guarantee admissions to institutions or programs.

COMMUNICATIONS (13 CREDITS REQUIRED)

- ENGL&101-Composition I
- ENGL&102-Composition II
- Select a speech course with your Advisor.

HUMANITIES (15 CREDITS REQUIRED)

-

NATURAL SCIENCES (15 CREDITS REQUIRED)

- BIOL&160-General Biology
- BIOL&241-Anatomy & Physiology I
- BIOL&242-Anatomy & Physiology II

The AA degree requires an additional 3 credits for Physical Activity courses, First Year Experience, and a Diversity course for completion.

Important Notes:

While an advisor is available to help research and plan courses, it is the student's responsibility to research and communicate with schools and programs to which they intend to apply to verify prerequisites and requirements as these vary and are subject to change. Please check out the links to schools available at www.wbcc.edu/health-technology. Many programs in Surgical Technology will have unique and specific requirements and deadlines you must meet to be eligible to apply to the program. Some programs may have specific courses other than those listed above.

SOME SCHOOLS WITH A SURGICAL TECHNOLOGY PROGRAM:

Columbia Basin College
College of Southern Idaho
Mt. Hoot Community College

Bellingham Technical College
College of Western Idaho
Renton Technical College

College of Eastern Idaho
Linn-Benton Community College
Seattle Central College

This is general guide for planning purposes and does not include specific dates for specific schools; that information must be obtained from your prospective colleges and universities. For more Planning Tips and Resources for this pathway, see the other side.
