WALLA WALLA COMMUNITY COLLEGE
Affordable. Flexible. Personal.

WALLA WALLA COMMUNITY COLLEGE
ESTABLISHED 1967

WALLA WALLA COMMUNITY COLLEGE
Shape Your Future
Walla Walla Community College offers an affordable, high quality education whether you plan to pursue a bachelor’s degree, transfer to a university, train for a technical career, or take classes to upgrade job skills.

WWCC has a student population of just over 2,000 across campuses and online. With smaller class sizes, our exceptional faculty are able to provide personalized support and attention.

The college also offers excellent English language and GED programs, a variety of community education and personal enrichment classes, outstanding athletic programs, and diverse array of student organizations.

Students can enjoy the student center, library, free tutoring center, computer labs, fitness areas, bookstore, and outdoor spaces.

Undocumented Students

We enroll and support students whose status in the U.S. is undocumented. We recognize that everyone should have a right to access higher education, and undocumented students make essential contributions to our campus, community, and nation.

As an undocumented student, you are a member of our community and your wellbeing and ability to learn and contribute are our concern. We have developed resources with you in mind.

- Associate in Science
- Computer Science
Walla Walla

Incorporated in 1862, Walla Walla was one of the first sizable settlements in Washington Territory. Today it’s a vibrant city that combines a small-town atmosphere with world-class amenities. Visitors come here to experience the area’s celebrated wine and cuisine, and the local hospitality industry offers numerous employment opportunities for graduates of WWCC’s Culinary Arts and Enology and Viticulture programs. Walla Wallans enjoy an easygoing pace of life, served by a city government that aims to provide residents with a safe, well-maintained place to live, work, and play. Many of WWCC’s programs equip students with skills and training they need to obtain local and regional jobs after graduation, and current students can get on-the-job professional experience through seasonal internships. There are jobs with numerous state and federal agencies as well as private companies in the Walla Walla region.

Athletics

The Warriors play in the Northwest Athletic Conference (NWAC) – the largest independent association of community colleges in the country.

Women’s Sports:
Basketball, Rodeo, Soccer, Softball, Volleyball

Men’s Sports:
Baseball, Basketball, Rodeo, Soccer

Get involved

Campus life provides many ways for you to join in on the fun from fun activities like Trivia Night and Glow in the Dark Roller Rink, to 15 student clubs, Student Government, and more.

studentlife.wwcc.edu
High school students can earn college credits, tuition-free, while finishing their high school education. The Washington State Legislature provides academically qualified high school juniors and seniors the opportunity to enroll at Walla Walla Community College.

Career and Academic Preparation

Career and Academic Preparation (CAP) is designed to enable those who have not completed high school to earn their degree or to earn the General Education Development (GED®). It also serves those needing a review of skills needed to be successful in college programs.

dept wwcc.edu.cap

Open Doors

Open Doors provides Washington students an educational opportunity outside the traditional high school setting. It is designed to allow students that are credit deficient or have dropped out of high school an opportunity to earn their diploma or GED® within a college setting. Students between 16 and 21 years of age who have not earned a high school diploma may be eligible to participate to earn a high school diploma, work toward a GED®, or even complete an AA or other college program.
The Clarkston Campus of Walla Walla Community College offers students the benefit of a small, 11 acre friendly campus with small class sizes and exceptional faculty.

The Clarkston Campus schedules courses and programs of study to meet your needs whether you are planning to pursue a bachelor’s degree, train for a living-wage career, upgrade and update your knowledge and skills for your current career, or take classes for personal enrichment. Conveniently scheduled courses meet the demands of hectic work, family, and life obligations.
