Capital Projects Update

Included with this memo is the 2018-19 Capital Budget Status Report for February 2019.

We are fast approaching the end of the current biennium, which means that funding for the 2017-19 state appropriated projects must be fully spent by June 30, 2019. The only exception to that rule is the Science & Technology Building Design funding (4Z9N) which is automatically carried over into the next biennium.

Approximately two weeks ago we received approval from SBCTC to shift unspent Site Repair project money to create four new, much needed, Site Repair projects. We will share additional information on the new site repair projects that have just kicked-off, as well as provide an update on the Building D renovation project (4Z9H) that started construction in early February 2019.

In addition to those updates, we plan to begin the 11:00 study session with a presentation from NAC Architecture on the Walla Walla Student Recreation Center project. This major capital project is on track having just completed Schematic Design and moving into Design Development with a half-day meeting on March 13<sup>th</sup>. NAC's presentation is included under Tab 1 with time allotted for questions and discussion.

We plan to spend the 11:00 study session <u>at the March 25<sup>th</sup> Board meeting</u> focused on the two other major projects, which are the Clarkston Student Legacy project and the Science & Technology Building project.

#### Brent Caulk

#### • Dan Aschenbrenner, Welding Instructor, WSP

Dan is a 36-year veteran of the welding industry and is renowned for having high expectations and a passion for quality work. Dan has experience working with government contracts and maintaining a AAA rating for extremely high levels of quality work, professional planning, and delivery on all required government contract deliverables. He has experience in both private and public institutions in supervising and training in day-to-day welding, safety, maintenance, and electrical and fabrication operations. Dan also volunteers in his community as a committee member of the Ag Shop program at Dayton High School and is a former board member of Rainier School District.

#### • William "Paul" Forney, Diesel Mechanic Technology Instructor, WSP

Paul is a graduate of the WWCC Ag Diesel program and a 34-year veteran of diesel mechanic repair and diagnosis. His skill is renowned by area professionals as second-to-none. Paul has earned this respect through consistent, high quality work in the industry in our community. Paul has kept himself current in emerging trends and industry updates through an aggressive on line in-service model, workshops, and conferences.

#### <u>Jay Entrikin</u>

#### • Ian Williams, Catering Chef & Manager

Ian Williams was born and raised in Walla Walla and realized at a young age that he had a passion for food. Ian has spent the past 11 years developing his passion and love for serving people and making them feel good. He has spent this time working and strengthening his food philosophy, leadership skills and management style in the most highly regarded kitchens in the area. He has worked in management capacity as Chef de Cuisine at Saffron Mediterranean Kitchen and the Walla Walla Bread Company. Under the tutelage of two of the top chef/owners in the area, he learned to ensure a positive work environment through effective, present, and approachable leadership.

#### Carol Fitzgerald

#### • Danielle Combs, Office Assistant 3, WSP

Danielle obtained an AAAS in accounting and AA in General Studies from Walla Walla Community College. Her most recent position as Office Assistant in WWCC's Continuing Education department helped her to hone the skills that will make her transition to the North Campus seamless. In Danielle's role in the Continuing Education Department, she worked in Student Management Systems (SMS) as well as processing the department credit card reporting and Travel Authorizations. Having an Office Assistant come on board who already knows that system will be a great asset to the Corrections Education program at WSP. Danielle possesses great customer service skills, a strong work ethic, and a passion for WWCC.

#### Denise Kammers

#### • John Powell, Instruction & Classroom Support Tech 1, CRCC

John joins the college after extensive experience in the private sector. He brings a wealth of knowledge from his ten plus years warehouse experience and seven years experience as an internal auditor at a tribal casino. John was honorably discharged from the Navy after spending four years as a Navy Gunner. He also has extensive experience inside a correction facility as a volunteer. He enjoys trying to make our communities safer through working with inmates as an instructional tech for WWCC and as a volunteer. Faculty, staff, and students have found John to be an amazing asset to our program. His positive attitude and work ethic is a welcome addition.

#### • Hayley Shepard, Corrections Education Navigator, CRCC

Hayley Shepard has worked at Tri Cities Work Release for the past 15 years as the administrative support for Work Release. Prior to that, she worked at the Washington State Penitentiary and at Coyote Ridge Corrections Center. At Work Release, Haley established a relationship with community members to help develop clear pathways for offenders back into the Tri Cities area. She is actively involved in the community screening committee and continues to develop a thorough process for screening of possible residents. Hayley worked with department staff, residents, and community members for employment and education placement. Haley fostered strong, positive relationships throughout the State of Washington and the local community. She has extensive history working with the offender population and is extremely familiar with the parameters to which staff working in this environment must adhere.

#### Johnny Watts

#### • Wade Bennett, Maintenance Mechanic 2

Born and raised in the Walla Walla valley, Wade attended Waitsburg schools and graduated from Waitsburg High School before taking a year of energy systems training at WWCC, at which point he decided to join a plumbing apprenticeship through a local plumbing company in Walla Walla. After obtaining his journeyman plumber license he went into business for himself plumbing new custom homes, wineries and small commercial buildings. After eight years of self-employment, Wade felt ready for a change and a new challenge, which led him back to WWCC as a Maintenance Mechanic 2.

#### Sue Willis

#### • Lee Grubb, Fiscal Analyst 3

Lee is a former employee by Walla Walla Community College; originally as an Office Assistant in Student Services and later advancing to Assistant Director of Financial Aid. Lee spent the last three years in the main office of the Walla Walla Public School District. Lee's understanding of the College combined with her payroll experience and technology skills have made for an easy transition into the position of Budget Accountant.

#### Jodi Worden

#### • Tracey Edwards, Events Coordinator 1

Tracey spent the last three years at Gesa Power House Theatre organizing their events. Her official title there was Technical Director; however, she took on additional duties, which included event permitting, rental contracts and insurance. She remains confident and calm in fast-paced, stressful environments and has the ability to work well in a "boots on the ground" environment where she meets with the guests and works with them all the way until the event is over. She is responsible for moving and setting up the tables, decorating, and making last minute decisions....a perfect fit for what we do here.

#### 7. Improve Risk Management, Policy Development, and Emergency Preparedness Board Policy Development Calendar

#### a. Policy Development

i. **First Reading: WAC 132T-175 Public Records**. Sherry Hartford reviewed the proposed revisions to WAC 132T-175 Public Records for Walla Walla Community College; noting state law regarding public records had changed and, as a public agency, the college is required to update and codify its rules. Because the proposed revisions are based on, and do not exceed the scope of, model rules established by the Attorney General's Office, codification can be completed by an expedited process in lieu of a public hearing. Mrs. Hartford reported the proposed rule was posted on the college's web site for a thirty-day comment period and, as no comments were received, it was being presented to the Board as a first reading. It will come to the Board at its next regular meeting for final adoption before submitting to the Office of the Code Reviser for a thirty-day waiting period before it becomes effective.

Re:	SSB #6493 – Accountability for Intercollegiate Athletics

In April 2018, the Washington State Legislature approved SSB #6493 related to intercollegiate athletic financial reporting requirements. The Act's requirements intend to provide "increased transparency and accountability for intercollegiate athletic programs at public colleges and universities".

Attached is a copy of the new legislation's requirements, which are summarized as follows:

- 1) The college's Board of Trustees must specifically approve an annual budget for its athletic programs.
- 2) If the athletic programs experience an operating deficit at the end of any fiscal year, the Board must:
  - a. Approve a plan to reduce operating deficits in future fiscal years;
  - b. Conspicuously post on its website the financial statements for its programs for the prior three consecutive years along with the "plan" identified in 2a;
  - c. Approve <u>in advance</u> any transfer exceeding \$250,000 (if not already included in the approved annual budget); and
  - d. Approve <u>in advance</u> any expenditure over \$250,000 that was not included in the approved annual budget.

In December, the community and technical college system received official guidance from the State Board of Community and Technical Colleges (SBCTC) that clarifies the financial statement calculations to use to meet the requirements of SSB #6493. In SBCTC's official guidance, it states that colleges cannot use the operating fees/tuition paid by student athletes as a revenue source. This is an unusual approach that differs greatly from the college's traditional athletic program budgeting process. To comply with SSB #6493, we plan to share and discuss further both of the financial reporting approaches that we'd like to put into place to increase transparency and accountability in our athletic programs.

#### RCW 28B.15.120

#### Board of trustees or regents—Annual budget requirements.

(1) The board of trustees or regents of each of the state's colleges and universities under RCW **28B.15.005** must specifically approve in an open public meeting, the annual budget for its programs for intercollegiate athletic competition in advance of any expenditure for that fiscal year.

(2) If a college or university's programs experience an operating deficit at the end of any fiscal year, the board of trustees or regents must:

(a) Approve a plan for how the programs will reduce operating deficits in future fiscal years;

(b) Conspicuously post to the college or university's web site the financial statements of the programs for the three prior fiscal years and the plan in (a) of this subsection. Any public records request for a copy of the financial statements or plan must be at no cost to the requester;

(c) Approve in advance any transfer exceeding two hundred fifty thousand dollars; and

(d) Except as provided in subsection (3) of this section, approve in advance any expenditure over two hundred fifty thousand dollars that was not included in the approved annual budget, in an open public meeting.

(3) Approval of an expenditure by the board of trustees or regents may occur at the next regularly scheduled board meeting after the expenditure if the expenditure is:

(a) Time sensitive and the net fiscal impact of the expenditure results in a direct revenue gain to the program; or

(b) Required to meet an immediate public safety need.

(4) Unless the context clearly requires otherwise, the definitions in this subsection apply throughout this section:

(a) "Expenditure" means any discrete purchase, payment, contract amendment, or expense, unless that expenditure is required to meet an immediate public safety need.

(b) "Operating costs" means all direct and indirect costs to operate the programs including the value of any costs that are typically charged to departments, but have been waived by the college or university. Waived costs include, but are not limited to the value of tuition waivers for student athletes and any internal or central service costs not charged to the programs.

(c) "Operating deficit" means the amount by which the aggregate operating costs of the programs exceeds the aggregated receipts and revenue directly generated by the programs in the fiscal year, plus any transfers of reserves that were originally generated directly by the athletic department account.

(d) "Programs for intercollegiate athletic competition" or "programs" means those programs established under RCW **28B.10.703**.

(e) "Transfers" means any transfer of moneys to an account used by programs for intercollegiate athletic competition from any account that holds moneys not directly generated by the programs.

(2) In all cases in which a member of the public is making a request, it shall be the obligation of the public records officer ((<del>or</del> <del>staff\_member\_to\_whom\_the\_request\_is\_made,</del>)) to assist the member of the public in appropriately identifying the public record requested.

(3) If the requestor wishes to have copies of the records made instead of simply inspecting them, he or she should so indicate and make arrangements to pay for copies of the records or to make a deposit. Charges for copies are provided in a fee schedule available at Walla Walla Community College and at www.wwcc.edu.

(4) The public records officer may accept requests for public records that contain the information in subsection (1) of this section by telephone. If the public records officer accepts such a request, he/she will confirm receipt of the information and the substance of the request in writing.

(5) Upon receipt of a request, the district will assign it a tracking number and log it in.

(6) The public records officer will evaluate the request according to the nature of the request, volume, and availability of requested records.

(7) Acknowledging receipt of request. Following the initial evaluation of the request, and within five business days of receipt of the request, the public records officer will do one or more of the following:

(a) Make the records available for inspection or copying including:

(i) If copies are available on the district's internet web site, provide an internet address and link to the web site to specific records requested;

(ii) If copies are requested and payment of a deposit for the copies, if any, is made or other terms of payment are agreed upon, send the copies to the requestor.

(b) Acknowledge receipt of the request and provide a reasonable estimate of when records or an installment of records will be availa-

ble (the public records officer may revise the estimate of when records will be available); or

(c) Acknowledge receipt of the request and ask the requestor to provide clarification for a request that is unclear, and provide, to the greatest extent possible, a reasonable estimate of time the district will require to respond to the request if it is not clarified.

(i) Such clarification may be requested and provided by telephone and memorialized in writing;

(ii) If the requestor fails to respond to a request for clarification and the entire request is unclear, the district need not respond to it. The district will respond to those portions of a request that are clear.

(d) Deny the request.

(8) **Consequences of failure to respond**. If the district does not respond in writing within five business days of receipt of the request for disclosure, the requestor should contact the public records officer to determine the reason for failure to respond.

(9) **Protecting the rights of others**. In the event that the reguested records contain information that may affect the rights of others and may be exempt from disclosure, the public records officer may, prior to providing the records, give notice to such others whose rights may be affected by the disclosure. Such notice should be given so as to make it possible for those other persons to contact the reguestor and ask him or her to revise the request, or, if necessary, seek an order from a court to prevent or limit the disclosure. The notice to the affected persons will include a copy of the request.

(10) **Records exempt from disclosure**. Some records are exempt from disclosure, in whole or in part. If the district believes that a record is exempt from disclosure and should be withheld, the public records officer will state the specific exemption and provide a brief written explanation of why the record or a portion of the record is being withheld. If only a portion of a record is exempt from disclosure, but the remainder is not exempt, the public records officer will redact the exempt portions, provide the nonexempt portions, and indicate to the requestor why portions of the record are being redacted.

(11) Inspection of records.

(a) Consistent with other demands, the district shall promptly provide space to inspect public records. No member of the public may remove a document from the viewing area or disassemble or alter any document. The requestor shall indicate which documents he or she wishes the district to copy.

(b) The requestor must claim or review the assembled records within thirty days of the district's notification that the records are available for inspection or copying. The district will notify the reguestor in writing of this requirement and inform the requestor to contact the district to make arrangements to review or claim the records. If the requestor or a representative of the requestor fails to claim or review the records within the thirty-day period, or make other arrangements, the district may close the request and refile the assembled records. Other public records requests can be processed ahead of a subsequent request by the same person for the same or almost identical records, which can be processed as a new request.

(12) **Providing copies of records**. After inspection is complete, the public records officer will make the requested copies or arrange for copying. If the district charges for copies, the requestor must pay for the copies.

1 5 1

(13) **Providing records in installments**. When the request is for a large number of records, the public records officer will provide access for inspection and copying in installments, if he or she reasonably determines that it would be practical to provide the records in that way. If, within thirty days, the requestor fails to inspect the entire set of records or one or more of the installments, the public records officer may stop searching for the remaining records and close the request.

(14) **Completion of inspection**. When the inspection of the requested records is complete and all requested copies are provided, the public records officer will indicate that the district has completed a reasonable search for the requested records and made any located nonexempt records available for inspection.

(15) Closing withdrawn or abandoned request. When the requestor either withdraws the request, or fails to clarify an entirely unclear request, or fails to fulfill his or her obligations to inspect the records, pay the deposit, pay the required fees for an installment, or make final payment for requested copies, the public records officer will close the request. Unless the district has already indicated in previous correspondence that the request would be closed under the above circumstances, the district will notify the requestor that it has closed the request.

(16) **Later discovered documents.** If, after the district has informed the requestor that it has provided all available records, the district becomes aware of additional responsive documents existing at the time of the request, it will promptly inform the requestor of the additional documents and provide them on an expedited basis.

(17) **Electronic records**. The process for requesting electronic public records is the same as that for requesting paper public records. Costs for providing electronic records are governed by RCW 42.56.120 and 42.56.130 and included in the district fee schedule.

(18) Bot requests. The district may deny a bot request that is one of multiple requests from the requestor to the district within a twenty-four-hour period, if the district establishes that responding to the multiple requests would cause excessive interference with other essential functions of the district.

AMENDATORY SECTION (Amending Order 73-7, filed 3/23/73)

WAC 132T-175-090 ((Copying.)) Costs of providing copies of public records. (1) No fee ((shall)) will be charged for the inspection of public records. ((The district shall charge a fee of five cents per page of copy for providing copies of public records and for use of the district copy equipment. This charge is the amount necessary to reimburse the district for its actual costs incident to such copying.))

(2) The district is not calculating actual costs for copying its records because to do so would be unduly burdensome for the following reasons:

(a) The district does not have the resources to conduct a study to determine actual copying costs for all of its records;

(b) To conduct such a study would interfere with other essential functions; and

(c) Through the legislative process, the public and requestors have commented on and have been informed of authorized fees and costs

for providing photocopies or electronically produced copies of district public records, as authorized in RCW 42.56.120 and as published in the district's fee schedule.

(3) Fee schedule. The fee schedule is available at the Walla Walla Community College office of the public records officer and on the district web site at www.wwcc.edu.

(b) The district may waive charges assessed for records when the public records officer determines that collecting a fee is not cost-effective.

(c) The district will not impose copying charges for access to or downloading of records that the district routinely posts on its public internet web site prior to receipt of a request unless the requestor has specifically requested that the district provide copies of records through other means.

(4) **Processing payments.** Before beginning to make copies, the public records officer may require a deposit of up to ten percent of the estimated costs of copying all records selected by the requestor. The public records officer may also require the payment of the remainder of the copying costs before providing all records, or the payment of the costs of copying an installment before providing the installment. The district will not charge sales tax when making copies of public records.

(5) **Costs of mailing**. The district may also charge actual costs of mailing, including the cost of the shipping container.

(6) **Payment**. Payment may be made by exact cash, check, credit card, debit card, or money order to Walla Walla Community College. (7) The district will close a request when a requestor fails to

(7) The district will close a request when a requestor fails to make payment by the payment due date in the manner prescribed for records, an installment of records, or a required deposit.

WAC 132T-175-100 Exemptions. (1) The Public Records Act provides that a number of types of documents are exempt from public inspection and copying. The district reserves the right to determine that a public record, or any portion thereof, requested in accordance with ((the procedures outlined in)) WAC 132T-175-080 is exempt under the ((provisions of section 31, chapter 1, Laws of 1973.

(2)—In-addition, pursuant to section 26, chapter 1, Laws of 1973, the district reserves the right to delete identifying details when it makes available or publishes any public record, in any cases when there is reason to believe that disclosure of such details would be an invasion of personal privacy protected by chapter 1, Laws of 1973. The terms "District" and "Employer" used hereinafter shall mean the Board of Trustees or its lawfully delegated representatives.

## Article 1 Recognition

- 1.3 The administrative or exempt positions excluded from the bargaining unit are identified in Appendix A.
- 1.4 In the event additional administrative or exempt positions are created by the Employer during the duration of this Contract, such classifications which are substantially similar to that in Appendix A shall also be exempt from such recognition or inclusion. In the event additional administrative or exempt positions are created by the Employer during the duration of this Contract, the Association shall be notified by the Human Resources Office of any position descriptions that include the duties of academic employees, including teaching, counseling, and library faculty. The Association will be notified prior to finalization of the position announcement.
- 1.5 The Employer will not interfere with the legal right of faculty employees to organize, join, and support the Association for whatever purpose in which it may legally engage. The Employer agrees it will not discriminate against any faculty employee because of membership in the Association, because of participation in any lawful activity on behalf of the Association, or because of any action taken within the duly established grievance procedure.
- 1.6 The Association is the authorized representative of the faculty to bargain faculty working conditions and compensation. These shall include duties and compensation of faculty performing paid leadership responsibilities. Proposed changes in the duties,

responsibilities, or compensation of faculty performing division/department chair responsibilities are subject to the negotiation of the Administration and the Association. Division Chairs may choose reassigned time or a stipend equivalent to the cost of an instructional replacement at the part-time faculty full-enrollment pay. Current descriptions of faculty leadership are found in Appendix F.

## Article 2 Status of the Contract

Existing policies, rules, regulations, procedures or practices not in conflict with this Contract may remain in full force and effect at the discretion of the Board.
- 2.3 Unless specifically stated, nothing in this Contract shall be interpreted or applied to reduce current individual salary rates. Changes in policies or conditions which are negotiable under RCW 28B.52.030, but are not a part of this Contract, may be adopted by the Board provided the Association is notified of the proposed changes. The Association shall be notified in writing of the proposed changes at least 10 days prior to adoption.

Any provision of this Contract which may be adjudged by a court of competent jurisdiction to be in conflict with any federal law or state law or regulation of the Washington State Board for Community and Technical Colleges present or subsequent shall become inoperative to the extent or duration of such conflict. Since it is not the intent of either party here to violate such laws, it is agreed in the event of a conflict between any provisions of this Contract and such federal or state law or regulation of the Washington State Board for Colleges, the remainder of this Contract shall remain in full force and effect.   - C. The duration of each faculty appointment and each administrative appointment to the Promotion Review Committee shall be for a period of three (3) calendar years beginning on October 15 of the year of appointment. If a vacancy exists upon the committee prior to the expiration of such an appointment, a replacement member of the relevant category (faculty/administrative) shall be appointed pursuant to article

No replacement for the recused member will be empaneled.

- 34.11 Duties of Promotion Review Committee
  - A. The chair, acting in coordination with appropriate administrators including the appropriate Dean and/or Vice President of Instruction, shall determine eligibility of applicants for promotion by determining that:
    - 1. The applicant for promotion has not been promoted within the three (3) preceding years.

In formulating a recommendation to the Vice President of Instruction, with whom final decision-making authority rests, the committee may seek to determine and differentiate between (a) inadequate/insufficient performance, and/or (b) inadequate/insufficient evidence or documentation of work performed. Inadequacy in either respect should be deemed sufficient cause to recommend withholding promotion.
  - B. If the committee suspects adequate performance but inadequate documentation, the committee may make a one-time request for additional evidence from the applicant

for promotion. If the applicant for promotion fails to provide the requested additional documentation by the deadline, or if the committee receives said documentation but remains unconvinced by it, the applicant may reapply in a subsequent year by submitting an enhanced portfolio based on feedback received from the committee.

E. In the case of a reduction-in-force for reasons set forth in Article 36.1 (B) above, failure to request a hearing shall cause separation from service on the effective date stated in the notice, regardless of the duration of any individual employment contract. In the case of a reduction-in-force for reasons set forth in Article 36.1 (B) above, separation from service after formal hearing shall become effective upon final action by the Board of Trustees.

# Appendix E: Transition from the 2016-2019 Salary Schedule to the 2019-2022 Salary Schedule

To ensure an orderly transition of faculty from the old 2016-2019 Salary Schedule to the new 2019-2022, these actions are implemented:

- 1. The annual stipend for earned Doctorate degrees (PhD) is removed in the 2019-2022 Faculty Salary Schedule.
- 2. In place of the annual Doctoral stipend, all faculty with earned Doctorate degrees will receive a one-time addition of two (2) steps on the 2019-2022 salary schedule.

- 3. All faculty Nurses will receive a one-time addition of one (1) step on the 2019-2022 salary schedule.
- 4. One-Third (1/3) of the faculty (low/middle/high salary cohorts) become eligible for promotion on the 2019-2022 salary schedule in years 2022, 2023, 2024 and the pattern will continue in subsequent years. The order of moves by each cohort group will be negotiated in 2022.
- 5. The 2019-2020 Faculty Cost-of-Living-Adjustment (COLA) of three percent (3%) of faculty salaries goes to transition all faculty to the 2019-2022 Salary Schedule. If the Washington State Legislature does not grant the 2019-2020 CTC Faculty COLA (or grants less than three percent (3%)), both the WWCC AHE and the WWCC Administration agree to meet in Fall Quarter 2019 to negotiate a method to transition the faculty to the 2019-2022 Salary Schedule.
- The entire subsequent COLA's (if granted by the Washington State Legislature) in 2020-2021 & 2021-2022 will be applied to each step equally on the 2019-2022 salary schedule.
