Presidential Search Profile

The Walla Walla Community College Board of Trustees invites nominations and applications from individuals who will provide exceptional and distinguished leadership. Following the highly successful tenure of Dr. Steven VanAusdle, who will retire at the conclusion of the 2015-2016 academic year having served for 45 years, 31 in the role of President, Walla Walla Community College is positioned to continue its standing as one of the top community colleges in the nation. It is anticipated that the President will begin duties during the summer of 2016.

About Walla Walla Community College

Walla Walla Community College (WWCC) is a dynamic and highly respected comprehensive institution established in 1967 to meet the higher education and workforce needs of the region's population. With an inaugural class of 850 students, enrollment has grown to approximately 10,400 students. Located in rural, southeast Washington State, WWCC serves Walla Walla, Columbia, Garfield, and Asotin Counties (total area 3530 sq miles with a population of approximately 89,000) as well as bordering counties in Oregon and Idaho.

Walla Walla Community College has achieved local, state, and national recognition for student achievement and economic development. Locally, the Walla Walla Valley Chamber of Commerce selected the College for its Community Catalyst Award, recognizing the College's leadership and role in leading the transformation of the regional economy. In 2006 WWCC's Enology and Viticulture Program received the Award for Governor's Best Practices by former Washington State Governor Christine Gregoire. Nationally, WWCC was awarded "finalist with distinction" and among the top five colleges in the inaugural Aspen Prize for Community College Excellence in 2011. In 2013, WWCC shared the number one spot with Santa Barbara College and was awarded the Aspen Prize for Community College Excellence.

WWCC Board of Trustees Meeting Minutes March 16, 2016 Page 8 of 20 The College has grown significantly over the past 50 years, and currently offers 53 degree and 64 certificate programs across four sites; the Walla Walla Campus, the Clarkston Center, the Washington State Penitentiary (Walla Walla), and Coyote Ridge Corrections Center (Connell). Walla Walla Community College offers a comprehensive curriculum of academic and workforce training programs. The major areas of study include Arts and Sciences Transfer, Workforce Education, Pre-College, and Basic Skills, all of which are also currently available in the two Corrections Education programs. In addition, WWCC offers courses through extended learning; dual-credit and alternative high school programs; workplace learning centers; outreach learning programs; and lifelong learning opportunities, including Kids' College and Quest, a program that offers short courses to retired senior citizens. WWCC has a robust academic transfer degree program

and is widely recognized for aligning its workforce education programs with current and emerging economic needs of the region. Notable workforce education programs include Nursing and Allied Health Professions, Water Resources Management, Wind Renewable-Energy Technology,

Enology and Viticulture, and a long-standing partnership with the John Deere Corporation to train agricultural implement technicians. WWCC is home to College Cellars, the first campus based,

student run, commercial winery established in the United States. The College is constructing a new building at the Clarkston Center that will house new workforce education programs designed to meet the needs of a dynamic and diverse manufacturing sector in the Lewis-Clark Valley.

In addition to serving students at the Walla Walla and Clarkston campus, WWCC offers life changing opportunities at both the Washington State Penitentiary and Coyote Ridge Correctional Center. For the over 3000 inmates who receive instruction annually, the recidivism rate on release of these students has been shown to be significantly lower.

WWCC is a recognized leader in student success, implementing technology to support students by providing clear educational pathways and encouraging students to identify and refine specific educational and/or career goals. Other Washington State community and technical colleges have implemented the Advisor Data Portal (ADP) system that was developed through a collaborative effort between WWCC's Student Services and Information Technology departments. The College is dedicated to WWCC's student advising and success as evidenced through our mandatory advising program. Student Service staff provide quarterly training on the use of advising tools and processes during campus-wide advising days. In partnership with the Technology department, the Student Services team developed a Retention and Enrollment Dataset (RED) that is used to track student retention and completions through a quarterly outreach campaign.

Walla Walla Community College is a member of the Northwest Athletic Conference (NWAC) and the National Intercollegiate Rodeo Association (NIRA). Approximately 200 student athletes participate in five men's sports which include soccer, basketball, baseball, golf, and rodeo, and six women's sports which consist of soccer, basketball, softball, golf, rodeo, and volleyball. Walla Walla Community College has developed highly competitive teams in the athletic arena and maintains a high degree of academic integrity. The completion rate and academic progress of WWCC Board of Trustees Meeting Minutes March 16, 2016 Page 9 of 20 student athletes is published at the end of each academic year on NWAC's Presidential Report to honor the academic achievements of schools in the conference. In 2013 the Walla Walla Community College Athletic department was awarded the President's Cup for Outstanding Academic Achievement, and in 2014 the Athletic Department was the President's Cup Runnerup.

Student government membership and activities are structured and governed by the Associated Student Body (ASB). Currently there are approximately 34 clubs on the Walla Walla campus, and eight clubs on the Clarkston campus, giving students many opportunities for co-curricular activities. The students assessed themselves an additional fee several years ago in order to fund an expanded student activities space and current ASB leadership is exploring the option of funding a new Recreation Center.

The WWCC library was the recipient of the 2013 Association of College & Research Libraries Outstanding Community College Library award. It participates with the Walla Walla Rural Library District in a consortium, the Walla Walla Area Library Network (WALNET), which provides access to holdings located in five other libraries in the county.

Walla Walla Community College places tremendous value on external partnerships and community engagement. The College has built enduring partnerships with K-12 and our neighboring institutions, Whitman College and Walla Walla University, as well as with several other baccalaureate institutions in the Pacific Northwest. Basic Skills and ESL classes are offered at workplace learning centers and in the community. Additionally, the College is a key partner with the City of Walla Walla and the Port of Walla Walla in leading the Walla Walla Innovation Partnership Zone (IPZ). The IPZ is a state-designated economic development zone that facilitates economic development planning. The region has had IPZ designation since 2007. The Confederated Tribes of the Umatilla Indian Reservation are key partners in addressing the region's water issues and restoring fish habitat. They are co-located in the William A. Grant Water and Environmental Center on the WWCC campus.

In 2014 WWCC became a member of Achieving the Dream, a national non-profit, membershipbased

organization committed to enhancing student success in the community college sector. The College recently adopted a Strategic Plan for Equity and Inclusion, and has made tremendous progress ensuring its practices and procedures are inclusive and accessible to all.

In addition, the College has a strong commitment to sustainability, and works toward securing a healthy economy and a healthy environment. A growing share of the College's energy is powered by solar and wind, and the campus has made tremendous strides in reducing water conservation

consumption. The Sustainability Plan was updated in 2015.

The College is governed by a five member Board of Trustees who are appointed by the state's Governor. The Trustees are representative of the College's service district and are deeply committed to support quality education that will maximize to student achievement and success, and community engagement. WWCC Board of Trustees Meeting Minutes March 16, 2016 Page 10 of 20 The Walla Walla Community College Foundation is an independent, institutionally related 501(c)(3) non-profit organization. Its mission is to assure access to all students and educational excellence at Walla Walla Community College by providing financial assistance to WWCC students, strengthening the work and services of the College, and making strategic investments to ensure that WWCC programs are "best-in-class." The Foundation has three full time staff; with 13 community members serving on the Board of Governors. The President of Walla Walla Community College closely collaborates with the Foundation Executive Director and team to support best practices in fundraising, advancement, and resource development. Annual revenue for the Foundation is \$1.5 million; with current assets of approximately \$9 million. Over \$500,000 in annual scholarship support is awarded to WWCC students. Emergency student assistance support is over \$200,000 per year. Over \$50,000 in Exceptional Faculty grants support the outstanding instructors at the College with an additional \$200,000 in program support given by the Foundation.

The College has an annual operating budget of approximately \$42 million and a capital budget of \$6.8 million. Operating revenue comes from the State of Washington, grants and contracts, and tuition and fees. Over 650 full-time and part-time faculty, staff, and administrators are employed by the College and contribute to fulfilling its mission. The College is accredited by the Northwest Commission on Colleges and Universities (NWCCU) and several program-specific governing entities. WWCC's accreditation status was recently re-affirmed by the NWCCU. More information on the College and its current strategic plan can be found by visiting.

About the Walla Walla Community

Nestled at the base of the Blue Mountains in rural Eastern Washington, Walla Walla is one of the oldest communities in the state. It is a place where scenic beauty, cultural inspiration, outdoor adventures, and small town friendliness come together.

Its main industries include agriculture, healthcare, manufacturing, and higher education. Long known as one of the most fertile agricultural areas in the nation, such crops as wheat, asparagus, strawberries, and the famous Walla Walla Sweet Onions are abundant. It's as World Class wine country,

however, that Walla Walla is most recently celebrated.

A vibrant reflection of past and present, downtown Walla Walla is the place where a walk down tree-lined streets reveals a mix of vintage shops, boutiques, cafes, bookstores, tasting rooms, and restaurants. Add in numerous pieces of public art and special events, the seasonal Farmers Market and outdoor concerts, and you start to see why downtown has been recognized time and again as one of the best small town Main Streets in the country.

Rich in cultural history, Walla Walla is home to the oldest continuous American symphony orchestra west of the Mississippi River. Musicals, comedies and drama can be found on stage as

WWCC Board of Trustees Meeting Minutes March 16, 2016 Page 11 of 20 the Power House Theatre, the Little Theatre of Walla Walla, Whitman College's Harper Joy Theatre, Walla Walla University, and Walla Walla Community College all provide top-notch performances throughout the year. Walla Walla is a place where you find not only fresh air, but a fresh perspective. With rolling hills, miles of trails, plenty of sunshine and the many waters that give the region its name, Walla Walla is the region's hub for all things outside. There are plenty of things to see and do to keep the whole family busy, such as cycling, golf, skiing, fishing and hunting. During the summer, cheer on the Sweets, Walla Walla's West Coast League baseball team. Walla Walla has 600 acres of public parks to explore, featuring 20 miles of hiking trails, state-of-the-art playgrounds, dog parks, disc golf, and tennis courts.

Role of the President

The President is the Chief Executive Officer of Walla Walla Community College District No. 20 and reports to the five member Board of Trustees. As the College's leader, the President collaborates with internal and external stakeholders to define the vision and set the strategic plan for the College focusing on the strong instructional programs and the economic development of the district. As the champion of its reputation, the President articulates the strategic goals and messages to build broad support amongst the many constituents including faculty, staff, students, Trustees, the WWCC Foundation, local communities, government representatives and elected officials, industry leaders, and the media.

As the Aspen Institute's Top Community College prize winner, and a recipient of positive national media recognition, the President must continue this precedent, recognizing the contributions of the many talented faculty and staff who have contributed to the College's success, while fully engaging with the community partners who assist in making it all possible.

Opportunities and Challenges

The next President must understand and appreciate the economic and social complexities of rural communities and be committed to a vision that will ensure future generations can thrive with living-wage jobs and challenging rewarding careers. Increasing The present costs of tuition and competing family and financial priorities continue to make college attendance a struggle for many students. Understanding the complexities of poverty, the impact of adverse childhood events, and the

changing student body demographic is critical. Being called to not only serve students but to be relentlessly committed to their success is imperative of the next President.

Walla Walla Community College is small but mighty, and mightily diverse. The next President must be equally committed to continuing robust Workforce programs, deeply appreciative of the arts and sciences, and passionate about providing education to incarcerated students in a Corrections Education program. Construction will be underway on the addition of a new Workforce and Business Development building on the Clarkston campus, and preliminary support has been garnered for a new STEM building on the Walla Walla campus.

Like many colleges, Walla Walla continues to be fiscally challenged. The next President must understand the complexities of the College's funding model, advocate for additional resources, seek out innovative and entrepreneurial opportunities to secure supplemental sources of funding, and, when necessary, make difficult decisions about priorities.

Leadership Priorities

The presidency of Walla Walla Community College is an extraordinary educational leadership opportunity. WWCC seeks an inspiring, mission-driven President with an entrepreneurial attitude who values teamwork and collaboration. The new President will be a proven leader who is capable of building on WWCC's excellent reputation and accomplishments as the College continues to build bridges of opportunity and pathways of success for the students it serves into the 21st Century.

In an effort to assist the next President in his/her leadership, the Board of Trustees has identified the following agenda:

1. Mission-Driven

The President must enliven, enthusiastically embrace, and articulate WWCC's distinct Mission and Vision as a comprehensive community college with unique traditions, values, and culture. The President will further WWCC's legacy of excellence, commitment to access and diversity, and build upon the success of its instructional programs.

2. Strengthen Student Diversity and Access

Without WWCC, thousands of students and adult learners would be denied access to the education they need to be prepared for future education or the workforce. WWCC must remain positioned to intentionally and strategically attract a diverse student population and provide access to an exceptional, relevant, and student-centered academic and training experience.

3. Strengthen Student Enrollment, Retention and Outcomes

The President must compassionately understand the inherent barriers many students face when trying to achieve their educational goals. With this as a backdrop, the President's commitment to student support and success must-inform support? enrollment management strategies

so that the critical work of ensuring that enrollment and retention goals set forth in the Strategic Plan and identified in Achieving the Dream initiatives are reached. Assessing and satisfying student outcome goals are also critical.

4. Strengthen and Expand Programs, Academic/Business Partnerships, Financial Resources and Alternative Sources of Revenue

A Presidential priority will be ensuring the financial stability and long-term viability of Walla Walla Community College. Guided by WWCC's Strategic Plan 2014-2020 and recognizing the uncertainty of future federal and state funding allocations, the President must be a careful steward of the College's financial resources. He/she must use them effectively

and efficiently so that resource allocation is optimized and aligned with WWCC's strategic priorities. Further, the President must inspire and lead strategic change designed to financially strengthen the College's programs and academic/business partnerships. More specifically, the President will:

- Inform and educate local legislators about WWCC's continued need for program and education funding and advocate for appropriate state allocations.
- Develop new and expand existing academic and educational programs to support community needs.
- Build new and strengthen existing academic/business partnerships.
- Assess and expand the College's financial resources and alternative sources of revenue in order to meet WWCC's current and future needs.

Subject: Student Code of Conduct Policy

Please accept the attached document as the newly proposed WWCC Student Code of Conduct Policy for your review. The attached draft has been reviewed by the College's Administrative Council, College Council, Educational Effectiveness Council, Student Senate (at both Walla Walla and Clarkston Campuses), Clarkston faculty and staff, the Assistant Attorney General's Office, and various instructional teams. Based on their reviews, slight modifications to the attached document were made. Below are some of the most significant changes between our current policy and the proposed policy:

- The Student Conduct Process section has been entirely removed from this policy and will be a stand-alone procedural document (newly proposed conduct process is currently being modified per recommendations from AAG's Office);
- The Due Process section has been entirely removed from this policy and will be included in the Student Conduct Process;
- All sections in our original policy are still in the newly proposed policy, however, they have been expanded upon throughout the various sections in the new policy;
- Scope of Policy section has been included to address the extent to which this policy applies (per requirement of the recently approved model policy);
- Prohibited student conduct has been separated between "Academic Dishonesty" and "Nonacademic Misconduct" as a way to clarify the types of misconduct that can be specifically addressed by faculty and those that should be forwarded to the VPSS (this does not mean that VPSS cannot address allegations of academic dishonesty);
- Overall, the policy has been formatted in a way that can be easily sectioned should a student only violate one section of the policy.

- RE: Clarkston Workforce and Business Development Center Construction Contract, Project #2015-088 G (2-1)

A public bid opening was held on April 6 for the construction of the Clarkston Workforce and Business Development Center.

Bid results are displayed on the attached Bid Proposal – Summary Sheet. Five general contractors submitted bids. The low bid was submitted by Kenaston Corporation of Lewiston, Idaho. Their base bid was \$4,117,000. All five bidders submitted bids that were above the architect's estimate of \$3,823,515.

Based on the five bids and a review of the contractor's qualifications, the Department of Engineering and Architectural Services has delivered a contract proposal to Kenaston Corporation (see attached). They have about 15 days to return the contract with the required insurance and bonding requirements.

On April 13th WWCC received authorization (see attached letter) from the Economic Development Administration to proceed with awarding the construction contract.

At the meeting on April 20, we will recommend that you approve awarding the construction contract to Kenaston Corporation.
