Memorandum

From: Jose E. da Silva Vice President of Student Services

Date: May 12, 2016

Subject: Student Code of Conduct Policy

Please accept the attached document as the newly proposed WWCC Student Code of Conduct Policy for your approval. The attached draft has been reviewed by the College's Administrative Council, College Council, Educational Effectiveness Council, Student Senate (at both Walla Walla and Clarkston Campuses), Clarkston faculty and staff, the Assistant Attorney General's Office, and various instructional teams. Below are some of the most significant changes between our current policy and the proposed policy:

- The Student Conduct Process section has been entirely removed from this policy and will be a stand-alone procedural document (newly proposed conduct process has been vetted by the Assistant Attorney General's Office for legal sufficiency purposes and is currently being presented to various faculty, staff, and student groups prior to presidential approval);
- The Due Process section has been entirely removed from this policy and will be included in the Student Conduct Process;
- All sections in our original policy are still in the newly proposed policy, however, they have been expanded upon throughout the various sections in the proposed policy;
- Scope of Policy section has been included to address the extent to which this policy applies (per requirement of the recently approved state-wide model policy);
- Prohibited student conduct has been separated between "Academic Dishonesty" and "Nonacademic Misconduct" as a way to clarify the types of misconduct that can be specifically addressed by faculty and those that should be forwarded to the VPSS (this does not mean that VPSS cannot address allegations of academic dishonesty);
- Overall, the policy has been formatted in a way that can be easily sectioned should a student only violate one section of the policy.

- RE: 2016-2017 Planning & Budget Update

The Planning and Budget process is well underway and significant progress has been made towards compiling a balanced budget. The State Board for Community and Technical Colleges (SBCTC) adopted the new Allocation Model at their May 5, 2016 Board Meeting. This action has allowed SBCTC staff to start releasing some of the financial data needed for WWCC to be able to finalize projected revenues for the 2016-2017 budget.

Two days ago, WWCC received yet another draft of the 2016-2017 Initial Allocation that included a few more changes. There wasn't enough time to make those changes to the Estimated Revenues page and the Budgeting Facts and Assumptions page before the board packet mail-out. The latest changes to the allocation numbers weren't material in nature and new copies of those pages will be shared at the board meeting with an update on what is new and different.

At the May board meeting, we will share the current status of where we are on balancing the budget as well as discuss some of the possible changes that may be incorporated into the final draft. We plan to present the proposed 2016-17 Annual Plan and Operating Budget to the Board of Trustees for discussion and approval at the June 29th meeting.

- RE: 2016-2017 Draft Student Fee Schedule

Included with this memo is the Student Fee Schedule that covers all board approved fees for 2016-2017.

At this time, there are no new fees proposed in the schedule and there are no changes proposed to the rates of any current fees.

At the May board meeting there will be a first review and discussion of this fee schedule. The Annual Plan and Operating Budget is still under construction at this time which could have an impact on some of these fees. Any proposed changes beyond what is shown here will be presented and discussed at the board meeting.

RE: Draft of Proposed 2016-2017 Tuition Schedule

Included with this memo is the proposed Tuition Schedule for 2016-2017 along with a one-page sheet summarizing tuition rates as approved by the State Board for Community and Technical Colleges (SBCTC). On May 5, 2016 SBCTC adopted the 2016-17 tuition schedule based on the Legislature's supplemental budget. At this time, the only change to the schedule before you is the mandated 1.49 percent inflationary increase in the Building Fee.

In this current draft, tuition and fees for a full-time resident student will be \$1,402.90 quarterly and \$4,208.70 annually after adding in student-voted fees and the comprehensive fee. The change in Building Fees results in a \$1.90 increase per quarter and \$5.70 increase annually for a full-time resident student.

At the May board meeting there will be a first review and discussion of this tuition schedule reflecting SBCTC's approved rates (green columns), the current rates for student-voted fees (yellow columns) and the College's current rate for the Comprehensive Fee (first pink column). The Annual Plan and Operating Budget is still under construction at this time which could have an impact on some of these fees. Any proposed changes beyond what is shown here will be presented and discussed at the board meeting.

Associate Student Body Legacy Project Proposal May 13, 2016

Historical Perspective

In 2006, Walla Walla Community College students voted and approved a new building fee to be used for legacy projects agreed upon by the students with guidance from the college. The first legacy project was to construct the Walla Walla Campus' Student Activity Center, which was completed in 2013. Since the completion of the first legacy project, this building fee account has been accumulating funds and currently sits at approximately \$675,000 of fund balance. Based on the current building fee rates, an average of \$225,000 is being collected per year. As of the Fall 2015 Quarter, the Walla Walla ASB students have been conceptualizing what they would like their next legacy project to be, and have briefly discussed the concept of a Student Recreational Center at previous Board meetings.

Newly Proposed Legacy Project

During the Winter 2016 Quarter, the Walla Walla ASB students decided to entertain the concept of a recreational center as their next legacy project. Since then, the following has occurred:

- Winter of 2016 ASB Leadership Team researched Recreation Centers at other institutions in the Northwest (Whitman, North Idaho, Wenatchee, Green River, Whitworth, Spokane, Columbia Basin, SW Oregon, Pierce, Boise State, Central Washington), visited several sites, and formulated a plan.
- Board of Trustees were briefly introduced and kept abreast about the Recreation Center concept at every subsequent Board meeting by our students.
- Several visits have occurred with the Clarkston ASB Student Senate to discuss possible studentfunded legacy projects on their campus and concepts about a Student Activities Center or renovating their Fitness Center were shared with extreme enthusiasm for the projects.
- A presentation was made to the WW Campus Student Senate., where each club was given a summary proposal and asked to discuss this concept with its members. Each of the 28 clubs has a Faculty Advisor that were also given an opportunity to provide feedback. Since then, continued progress reports have been given to the ASB and continued support for the project has remained present.
- On April 7, 2016, the Walla Walla ASB Student Senate voted and approved to spend up to \$30,000 to hire an architectural firm to conduct a feasibility study for the proposed Recreational Center.
- The Recreation Center proposal has been introduced to College Council and the Educational Effectiveness Council.
- On May 10, 2016, Jose da Silva met with the Executive Director of the Walla Walla YMCA to discuss the proposed legacy project where the YMCA not only shared their full support for the project, but also offered to assist in whichever way possible.

Students are wishing to vote to assess a fee upon themselves in order to proceed with these legacy projects during the first week of June. At this time, an awareness campaign regarding the proposed legacy projects are ready to be launched. Yard signs will be placed throughout both campuses, mass email communication will be shared with faculty, staff, and students relating information about the legacy projects, a web-link with all of the project information will be created and shared with the college community, and student feedback will be obtained electronically prior to students voting on the projects.

Should the student votes be approved, college staff will continue to work with students on the proposed legacy projects. As a note of clarity, the students would simply be voting to increase the current building fee in order to be able to move forward with these concepts. All specifics related to these projects will be determined through the college's standard capital planning processes and procedures including various approvals by the Board of Trustees at a later date.
